MONROE TOWNSHIP

Remarks From The Office

Report cards for the first period of school were distributed this week. The cards issued to grades 7-12 are the same but below grade seven there has been a change. The cards are much simpler in appearance and carry marks that show the child's faulty attitudes and ideals as well as his knowledge and the system of marking gives him a letter instead of a numeral grade.

11th and 12th Grades

Marcella Kunkle has recently returned to school at Beaumont, after a few weeks of illness with appendicitis. The Sophomores regret they lost last week's basket ball game against the Seniors and Juniors. It is hoped that the Sophomores may win the next game.

Food Advertising Increased By Asco

American Stores Feature Polka Dot Trade Mark With More Advertising

One of the largest retail food concerns serving the Eastern United States, American Stores Company, has launched an extensive sale this week in co-operation with the government's "Buy Now" campaign.

Increased space in The Post is an important means used by the company to carry their message of values to the multitude of food buyers served in this territory. It is believed, that through additional newspaper advertising very satisfactory results can be obtained.

An official of the company stated: "We heartily endorse the 'Now is the Time to Buy' campaign promoted to further the success of the NRA and also for the benefit of the consumers."

"It is our firm conviction that purchases made now will prove to be thrifty buying, for costs are increasing and will be reflected in higher prices. However, our policy has been and always will be, to eliminate any unnecessary waste in distribution costs and pass on all possible savings to the consumer in the form of lower prices."

"Far-flung contacts with producers, as well as our own kitchens, canneries and packing departments, enable us to maintain a high standard of quality at all times. A mark of distinction has been developed for use on these quality foods—the polka dot label. This label and the ASCO Brand are dependable guides for buyers looking for quality foods at reasonable prices."

IT'S A CRIME!

—a Crime against the cause of better sight...

DO you realize that taking a lamp from one socket to fill another is a CRIME? Especially since it works an injury on persons you desire least to injure... you and your family.

Replacing a 100-watt lamp in your kitchen with a smaller one from a wall bracket or a table lamp, not only deprives you of the use of a fixture. It punishes you because inadequate light from this smaller borrowed bulb may cause eye strain; and it slows up work.

Protect yourself by having spare lamps on hand at all times. Order a carton of Edison MAZDA lamps today. Then you will be sure of having adequate light, economically.
