

### Sport Shafts

EDWARD F. KOTCHI

The law of averages just wasn't with Dallas Tuesday night. They out-shot Lehman basket for basket, but could not find the ring, while Lehman did enough sharp-shooting to win.

Dr. Raddo, Dallas guard, is a small man but he surprises many a bigger one with his agility and aggressiveness.

"Whity" Morris, Dallas's aged and battle-scarred basketball warrior, uses his wits to save his wind. After a fast and furious rally, "Whity" suddenly discovered that one of his shoelaces needed to be replaced. When this had been accomplished, Morris was refreshed and ready for more.

After the Christmas Holidays the Bi-County Interscholastic Conference teams will swing into action. Noxen, as was predicted in this column some time ago, was admitted to the Conference. This addition brings the total of Conference members to seven, which will give a more crowded schedule and more games each week.

A glimpse of the team's action leaves the impression that Kingston township, Laketon and Lehman high schools have the teams that will be in on the fight for the cup which Dallas Borough now holds. Beaumont and Dallas borough have been too crippled by the loss of last year's regulars to be a serious threat for championship honors and Dallas township will suffer because of the lack of a proper place to practice.

Basketball fans in this vicinity will be offered a novel treat this season. Fans will now be able to see three games in one night. The girls' teams will start the ball rolling. The high school teams will then take the floor to play their scheduled Conference games. A Rural League game will top off the evening for the final. It is a varied and hearty sports fare to say the least. If this arrangement doesn't arouse and sustain the interest of the local fans in its teams nothing will.

Homer E. Nelson, Dallas borough high coach, and Rural League referee, make it a habit to move fast. Tuesday evening Nelson finished refereeing a game in the borough gymnasium and at nine o'clock he was busy refereeing the Dallas-Lehman game at Lehman. This, admittedly is fast work; however due credit must be given to "Pete" Small, who literally flew the coach from Dallas to Lehman.

As far as can be ascertained, Dallas high school officials have just about completed arrangements with the Borough School Board whereby they will be given the use of the borough high gymnasium on the nights that the borough team plays away from home. They will also have use of the borough gymnasium for practice. If this goes through the persons responsible are to be commended for their good sportsmanship.

Coach Nelson, if he could, would write a letter to Santa Claus asking for a tall center, and a fast forward. The loss of Lavelle, Labarr, Matuskowitz, Besteder, and McGuire, five regulars of last year's team, is going to be a severe and almost insurmountable handicap in the borough team's fight to again win the Championship Cup. Dallas borough already has two legs on the Cup. A third championship would entitle it to permanent possession of the Cup. This is a case of the first three laps being the hardest.

# WINTER IN CANADA

SKIING---BOB-SLEDDING---HOCKEY  
CURLING---TOBOGGANING---DOG DERBIES  
OUTSTANDING ATTRACTIONS

THE invigorating climate of a typical Canadian winter, now regarded as an advantage rather than a hardship, with its unusual variety of healthful and appealing sports, is attracting increasing numbers of visitors to the Dominion. Across Canada there are many beautiful and attractive snow-clad mountains, hills and valleys, which offer exceptional opportunities for enjoying a wide variety of outdoor winter sports. The principal activities are skiing, snowshoeing, skating, tobogganing, curling, hockey, bob-sledding and dog derbies, all of which may be thoroughly enjoyed, under ideal conditions. With the exception of an occasional day during mid-winter, the temperature is not too cold to participate in outdoor sports.

While motor travel is not general in Canada during the winter season, there are many long stretches of highway which are kept conditioned throughout the winter months. The visitor will always find Canadian train service a modern and luxurious travel arrangement. Hotels in many

of the leading summer resort districts remain open the year round providing good accommodation for those who wish to participate in winter events

### Wide Range of Sports in Every Province

Each province of Canada possesses winter attractions more or less peculiar to their own particular surroundings. Practically all forms of winter sports are available in the Maritime Provinces, but a preference is shown for hockey and curling. In the province of Quebec the major sports events centre in and around Montreal, Quebec City, Murray Bay, and the Laurentian mountains. Lovers of winter sports will find vast territories in the province of Ontario which are ideal in location and in scenic beauty. Ottawa, the federal capital, is adjacent to some of the finest skiing country on the continent while the best of ice-yachting may be enjoyed in Toronto bay and along the waterfront of lake Ontario. In the Muskoka and

Algonquin Park districts, hotels and cabins are open for the accommodation of winter visitors. In Manitoba the Winnipeg bobsiel and the winter carnival held at The Pas, are annual events of international interest. Banff, situated in the scenic Canadian Rockies in Alberta, is one of the most important centres for winter sports. Record performances in ski-jumping have been witnessed at Revelstoke. The islands and mainland of the southwestern part of British Columbia offer golf, tennis and other summer sports, for the winter visitor.

HOW pleasant are the leisurely Sunday breakfasts and suppers when family and friends are gathered around the board to eat and talk and eat some more.

These happy occasions call for something extra special in the way of food.

#### Ham Waffles

2 cups sifted flour; 1/4 teaspoon soda; 2 teaspoons combination baking powder; 1/2 teaspoon salt; 1 tablespoon sugar; 2 egg yolks, well beaten; 1 1/2 cups sour milk; 1/3 cup melted butter; 2 egg whites, stiffly beaten; 1 cup uncooked smoked ham, finely diced.

Sift flour once, measure, add soda, baking powder, salt, and sugar, and sift again. Combine egg yolks, milk, and butter. Add to flour, beating until smooth. Fold in egg whites. Bake in hot waffle iron. Sprinkle 1/4 cup ham over batter of each waffle just before closing iron. Serve soft scrambled eggs on each waffle. Bacon may be used instead of ham. Makes four 4-section waffles.

#### Apricot Muffins

2 cups sifted flour; 2 teaspoons combination baking powder; 2 tablespoons sugar; 1/2 teaspoon salt; 1/2 cup dried apricots, washed, dried, and cut; 1 egg, well beaten; 1 cup milk; 4 tablespoons melted butter or other shortening.

Sift flour once, measure, add baking powder, sugar, and salt, and sift again. Add apricots. Combine egg, milk, and shortening. Add to flour, beating only enough to dampen all flour. Bake in greased muffin pans in hot oven (425° F.) 25 minutes, or until done. Makes 12 muffins.
