Fiegler Purchases 2,000 Old Tires Turned In By Contestants, The Tires Will Be Re-treaded At Pittston

More than 2,000 used tires, collected by contestants during the Trade Expansion Campaign conducted by local merchants, were sold yesterday to Michael Fiegler, of the Hillside Tire Service company, Thurssville. Mr. Fiegler will salvage all of the used tires with unbroken casings and in good condition and will have them re-treaded at his Pittston plant. The remainder which cannot be re-treaded will be sold for junk.

This is believed to be one of the largest single purchases of its kind for re-tread purposes ever made in Luzerne county. The Hillside Tire Service company has a reputation for excellent workmanship in this line of business.

Mr. Feigler has been located in this region for a number of years and last year purchased the former Weidner Gasoline station at Trucksville. Since that time his company has taken on the distribution of Dupont and Kenyon tires for Luzerne county and has also become associated distributor for Gulf Refining company products.

Yesterday the company opened its new gasoline storage plant, formerly owned by the Tydol company, on Old River road, Wilkes-Barre. The company operates four stations in Wyoming Valley and also does a large wholesale business handling three tank cars of gasoline each week.

W. T. Roberts of Virginia Terrace, Forty Fort, for fifteen years local representative of the Gulf Refining company is now a partner in the firm.
