May Keep Wildwood Open During Winter

Girl Scout officials of the new Lake camp, Wildwood, stated that the official closing of the camp for the summer will not take place for several weeks yet. If it becomes popular enough a motion will be made to keep the camp open during the winter weekends. Sleighting and skating parties are already being planned.

The camp is well equipped to take care of at least forty girls during the winter month week ends. There is a large fireplace for heat, and a good fire is able to keep the entire building very warm.

The camp caretakers, Mr. and Mrs. German, Kingston, will stay at the camp throughout the whole winter to carry on the same work that they have been doing during the summer months.
