HERE COMES PACKARD FOR 1938

-the only cars that can make you all these promises!

MIRACULOUS RIDE—The new Packard Six and new Packard Eight (formerly called Packard 120) bring you the gentlest ride ever offered to motorists—a ride that literally re-makes roads!

UNEQUALLED SAFETY—These new Packards are outstanding in safety. Side-sway is eliminated and the danger of skidding is tremendously reduced.

REVOLUTIONARY REAR END—The foregoing things have been accomplished by a trio of epochal improvements which now bring the effect of independent wheel suspension to the rear end.

NEW QUIET BODY—As a result of years of research in cooperation with a great University, Packard brings you a really quiet all-steel body with an all-steel top.

MORE LUXURIOUS SIZE—Both the Packard Eight and Packard Six are seven full inches longer in wheelbase than last year. Bodies are far wider. Trunks challenge those of any cars for roominess.

SERVICE NEEDS CUT—The need for service is still further reduced. Example: Chassis lubrication is now needed only twice a year!

ENDURING BEAUTY—The famous Packard lines are now more beautifully streamlined than ever. But they still proclaim your car a Packard, still guard it from early style obsolescence. Only Packard gives you both long mechanical life and long style life!

EASY AVAILABILITY—YOU can afford one! See your Packard dealer. He will give you proof that, if you can afford to buy and operate any new car, you can afford to buy and operate a Packard!

YOU HAVE A DATE TUESDAY EVENINGS
Each Tuesday evening, at 9:30 E. S. T. over the N. B. C. Red Network, Packard brings you one of the most entertaining full-hour shows on the air! Lanny Ross, Charles Butterworth, and Florence George head a brilliant cast that entertains each week one of the topmost stars of radio, stage or screen!
