

## Plant Financed By Local Group

Oliver President, Kunkle  
Secretary-Treasurer  
Of Firm

(Continued from Page 1)

tract on which clay lies in some places 76 feet deep. The company also has leases on a fifty-acre tract owned by Joseph McDermott. The third tract is over 200-acres, one-quarter of a mile from the plant.

Experts who have analyzed the wide variety of clay available to the company have been enthusiastic in their reports. The silica content ranges from 40% to 76% and colors possible include gray, buff, brown, red and fire-clay. The fusing point ranges from 2,570 to 3,030. Among the chemists who have been consulted and have given favorable analyses are Paessler Co., Inc., of Wilkes-Barre, Mellon Institute, Pennsylvania State College and Harbison, Walker Laboratories. Surveys have indicated that the plant can manufacture brick at a cost which will give it competitive advantage over many other companies.

When it is completed, the plant will have a capacity of 45,000 bricks a day and will employ about forty men.

Visitors are welcome at the plant. It can be reached most conveniently from Dallas by following Route 115, through Huntsville and Pike's Creek to Red Rock, then over Red Rock Mountain and into Lopez.

Officers of the company are James R. Oliver, president; Wesley T. Daddow, chairman of the board; A. C. Devens, vice-president; Warden Kunkle, secretary-treasurer. Directors are James Oliver, Wesley Daddow, Warden Kunkle, William Winters, W. B. Jeter, Bert Hill, Fred M. Kiefer, Dr. G. K. Swartz and A. C. Devens.

A few of the prominent stock holders are C. A. Frantz, Robert Stiltz, Walter Elston, Squire Lawrence Dunn, James McGee, Walter Kitchen, Lloyd Newell, William Higgins.

## Weisser Returns From Charleston

Ted Weisser, pro at Irem Temple Country Club, has returned from Charleston, N. C., where he spent the winter as golf professional at Yeoman's Hall. He said he had a good season, with warm weather most of the time. He is busy preparing for the opening of the season here next month.

## GAY-MURRAY NEWS

### GIVE THE HOME A BEAUTY TREATMENT

WE WOULD SUGGEST—  
Moore's paint for both outside and inside.

Moore's has quality equal to any covering capacity better than most, (350 sq. ft.—2 coats), yet sells at only \$2.75 for a gallon. We stir every can for you.

Armstrong's linoleum and rugs for the kitchen and dining room, or a cabinet sink and Westinghouse refrigerator would fit in very nice to save steps and food. Linoleum sells here as low as 39c per sq. yd. and 9x12 rugs at \$6.25.

Wow! We forgot to mention that roof—Our prices are 25% lower than one year ago and we are selling a very good green strip shingle at \$3.90 per square, 1 ply roll roofing at 75c, and 3 ply at \$1.15. This is a real opportunity to re-roof.

That lawn will brighten up with our 6 variety lawn mixture which will seed 200 sq. ft. for 35c and we also have small spreaders for lime and fertilizer and rollers to "push" down. By the time all this is done it will be garden time and you'll need Rices Seeds and garden tools.

Space won't permit us to mention all the things we have to make life easier and happier, but if it's for the farm or home, we have it. Our shop men installed bathrooms recently for Robert Caterson at Montrose, Chas. Hull at Waverly, Eva Yearsavage at Dark Hollow and Jenkins Brunges of Tunkhannock. Every day people find that they can save money on home conveniences.

A lot of Prime electric fences have been sold and more are sure to go. Wesley Reeves at Lake Winola, Fred Hunt and Ben Lipinski at Falls are checking the Bossies raving nature with Prime.

## NOTICE OF ADMINISTRATION

Estate of Charles M. Snyder, late of Dallas, Pa. Debtors to the said estate are requested to make payment to, and creditors are requested to present bills to Thomas W. Gangloff, Adm'r., 130 Lake Street, Dallas.

# WEEKLY BUSINESS REVIEW

## REICHMAN'S SEASONED ADVICE SAVES MONEY FOR TRAVELLERS

There was a time when you started on a trip it was a matter of finding your way as best you could and asking questions of people who sometimes, you discovered, knew less than yourself.

However, as the world moves on specialists are developed in every line of business and profession. It requires years of study and experience to become a qualified travel counsellor and Joseph Reichman has such study and experience to his credit.

In his travel bureau at 208 South Main Street, Wilkes-Barre, every de-

tail of every method of travel is available quickly and a voyage may be planned and arranged to the most minute detail.

It is no longer the elite alone who travel. Mr. Reichman knows the least expensive and the shortest routes and this service saves so much unnecessary expense that he makes it possible for people of modest income to travel widely. Many wonderful tours are available at unusually low costs and a visit to Mr. Reichman will repay anyone considering a vacation this summer.

## Behind The Scenes In Business World

### A Summary Of Happenings In America's Industrial Circles

WHEAT CROP—Crop experts predict that the largest winter wheat crop since 1931 is in the making and estimate that the crop will run to 717,000,000 bushels, which would be some 30,000,000 bushels greater than last year's crop. It is believed that the winter wheat crop alone will exceed domestic needs by some 70,000,000 bushels. Unless a sudden demand for wheat develops from abroad it is likely that farmers will receive less for wheat this year than in several years past. Early last week May wheat declined to approximately 80 cents a bushel, lowest it has been in three years, then British flour makers began to buy and the price rose.

LABOR AIDS CHINA—American labor last week declared that it has a vital stake in the war between China and Japan. Labor's Committee for Civilian Relief in China announced that already 4,000,000 American workers had joined the movement which seeks to raise funds to aid more than 30,000,000 Chinese civilians who have been victimized by the Japanese invasion. The committee pointed out that if Japan succeeds in enslaving 420,000,000 Chinese and in gaining control of that country's resources, she will soon flood America and world markets with products made by cheap labor and force American factories to either lower wages or shut down completely. Tokyo carpenters get 57c a day, painters 65c a day, paper makers 40c a day, and women factory workers only 23c a day, according to the United States Monthly Labor Review.

HEADLINES — Marshall Field & Company operated at a profit in first two months of 1938, stockholders are told. . . Carrier Corporation introduces a low-cost, self-contained, package-type air conditioner for stores and offices. . . Better business conditions seen approaching as sales of business machines spurt. . . Clothing manufacturers see expanding export market. . . Roosevelt opposes government guarantee of railroad bonds. . . Columbian Carbon Company had pickup in sales in March, first upturn in months. . . F. W. Woolworth Company March sales 11 per cent under March, 1937. . . Secretary of Commerce Roper says fear is checking forces of business recovery. . . U. S. recognizes Austrian union with Germany and holds Berlin responsible for Austria's debt of \$64,493,480 to this country. . . Drastic style changes in 1939 auto models forecast. . . Freeport Sulphur Company March shipments increase 30 per cent over February. . . Steel producers foresee operating rate of 60 per cent of capacity by the end of May, and an average of 50 per cent for the year 1938. . . February sales of gasoline pumps gain over previous month, as station owners prepare for the heavy summer motoring season. . . Britain may purchase U. S. air planes as her rearmament program suffers because of shortage of domestic plane deliveries. . .

## OLIVER AMONG ACE AUTOMOBILE MEN IN EASTERN PENNSYLVANIA

The efficient sales and service organization James R. Oliver has developed in his garage and display room on Main Street, Dallas, is a symbol of an American success story.

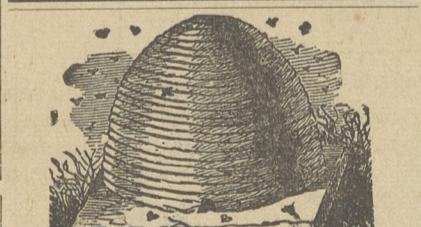

Mr. Oliver began his career in Meeker, where he opened his first garage. As the Maxwell dealer, he made an enviable sales record but as his business grew he recognized the need for a bigger market and in 1925 he opened his garage in Dallas. Gradually, as his reputation for square dealing spread, prospective buyers came from a wider and wider circle until his

agency became one of the outstanding sales units in Eastern Pennsylvania.

Today Mr. Oliver's Packard and Hudson headquarters and his large garage prove the truth of the claim that the world will beat a path to the door of the man who does something better than his neighbors. One of the first to respond to any cause to boost Dallas, Mr. Oliver is proprietor of a business which spreads beyond the borders of the town and attracts customers from neighboring and Wyoming Valley towns into Dallas.
