Democrats Reduce Traditional Lead Of GOP In Dallas

Registration Is Most Evenly Balanced In Years Figures Show

DEMS GAIN STEADILY

(See Editorial. Page 2) Heavy and steadily increasing gains Sweet Valley over the week-end. There in Democratic registration throughout is no Kunkle news, for Minnie Kunkle, Dallas and vicinity since President Roosevelt's election in 1933 are dis closed by current registration figures Republican registration has maintained its former approximate ratio of three to one in Dallas Borough and at our desk, as Minnie Kunkle did so Kingston Township alone. Registration figures show a Republican ma jority of about two to one throughout the Back Mountain district in the most evenly balanced registration in years reflecting the general trend of Luzerne County since its Democratic capture in local elections last fall Most notable Democratic gain was shown in Lehman Township, with the Southwest district in that place show

ing a Democratic plurality. A strong drive by Sixth District Chairman Peter Clark and his Republican forces, leading up to registration deadline on October 9th, will boost the Republican figures to a very great extent, it is believed, but from all indications, the Democratic registration will very nearly keep its present pace Judging by the recent lopsided primary, however, Judge Arthur H James, Republican candidate for Governor, will poll an immense majority in this section in the general election next fall.

Her items were not the kind of Current registration figures

Program

Going to school in a theatre! It sounds odd, doesn't it? But that is what women of Dallas and neighboring communities will be doing when The Post's Second Annual Motion Picure Cooking School comes to town on June 29.

There will be real lessons, too, lessons in measuring, mixing, and school districts this year because its blending the ingredients for many re- financial condition is good enough to cipes; in the preparation of such tri- permit it to borrow. umphs as a lattice-top fruit pie: in making delicious frozen desserts and salads; in laundering fine fabrics, and in planning healthful meals for growin planning healthful meals for growing children.

The class won't be all work, though, for there is a constant play of sparkling humor, the appeal of tender romance, the suspense of a coherent, in- Dallas Nine After Revenge telligently-directed story, which dramatizes everyday happenings, in "Star In My Kitchen," the full-length, alltalking, part-technicolor picture which will be the main feature of the threeday cooking school.

The first of several hundred distraint notices to be served on delinquent axpayers in Dallas Borough were issued yesterday by Tax Collector Arthur Dungey, who has been ordered by Dallas Borough School Board to "crack down" on delinquents who are responsible for the more than \$2,100 balance gation of the shooting of William he owes the district.

> The notices will be served by Kishbaugh-Smith of Kingston, professional delinquent tax collectors, and persons who have neglected to pay their percapita taxes will be charged a fee in addition to the penalty already due. The per capita tax in Dallas Borough is \$5.

FIREMEN MUST REPORT ON RESERVATIONS FOR BEAN SUPPER TONIGHT

A special meeting of Dr. Henry M. Laing Fire Co. will be held tonight to receive reports on the sale of tickets for the Bean Supper to be held at Adam Kiefer's Red Barn tomorrow (Saturday) night.

Tom Robinson, chairman, has requested that any members unable to attend send in a report of their sales so the committee can estimate the probable attendance. One hundred fifty are expected.

Cattle Die In Fire

Fodder And Most Of Herd In Welsh's Barn Destroyed

Five cows and a bull and tons of methods of collection and is permitted. fodder were destroyed when lightning to serve in Pennsylvania as a deputy struck the barn of Ralph Welsh, or the Lake Road, near Castle Inn, early Sunday morning. The bolt struck luring one of several freak storms which hit this section early in the directors conferred with Mr. Dungey week, bringing strong wind and hail. they made arrangements to resume It is believed the lightning struck, hearings in the case of Ernest E. Line, about 2, killing some of the herd in- member of the high school faculty who stantly. Mr. Welsh was not aroused has been charged by the board with until about an hour later, when John misleading it as to his certification Thomas, who lives about one-half mile and punishing two boys physically from the barn, saw the flames and The directors notified Attorney Arthur ran to the Welsh home. With the help Maguire, counsel for Mr. Line, that early-season lethargy, the Dallas Ar- of Allan Montross and Arthur Mon- they will meet any time at his convenience during next week

The drastic action followed a meeting of the borough school board on Wednesday night, when Mr. Dungey reported the balance due the board on the 1937 duplicate. After all allowances had been made, Mr. Dungey owed the school board \$6,241.27. Thirty-four exonerations, totalling \$178.50 were deducted, as were the land returns. amounting to \$4,643.46, leaving a balonce of \$1,419.31 due the district. Of that amount, \$1,257.31 is in per capita taxes

In addition to that balance due on the 1937 duplicate, Mr. Dungey also owes the board \$134.06 on the 1934 duplicate, \$234.21 on the 1935 duplicate, and \$385.38 on the 1936 duplicate, a total of \$2,172.96. Unless he can reduce that balance materially his appointment to collect the 1938 duplicate will be endangered.

As in other nearby communities, tax collections in the borough have been increasingly difficult and the drastic action inaugurated yesterday by Mr. Dungey comes only after ordinary collection methods have failed. The Kishbaugh-Smith collecting agency was recently restrained from collecting when the former attorney general, Charles J. Margiotti, charged its methods were illegal. Since then the organization has had a decision warranting its a regulary-elected tax collector.
