

Dallas PTA Had Successful Year

Student Participation Helped Boost Interest

The school year drawing to a close has been one of the most successful in the history of the Dallas Borough Parent-Teacher Association.

Although membership tickets were not sold this year, the collection taken at each meeting reached a satisfactory total before the end of the year, enabling the Association to close its chosen project, the furnishing of sand tables to the five lower grades. These tables were completed in the school shop department, by pupils who worked under the supervision of Howard Tinsley.

Entertainment this year was furnished almost entirely by the student body. The only social affair was the farmer dance held in October, a financial success.

The membership was increased this year, the opinion being that the participation of students in the meetings tended to increase the interest of the parents.

Special credit is given to members of the school band, who, under the direction of Howard Hallock, entertained at every meeting. The part of the entertaining done by the classes was entirely voluntary, no teacher having been called upon to present his or her class, but volunteering to do so.

The annual banquet went off as smoothly as usual, and it was evident that the athletes, the band members and the parents enjoyed themselves. The officers, headed by Mrs. Frank Ferry, who has been re-elected president, are looking forward to a resumption of activities in the fall, with increased interest, and there are indications already of an interesting program for 1939-40.

Germany Invites Band

Montrose School Band, directed by M. D. Taylor, has been invited to make a tour of Germany this summer with all expenses paid by the German government. The invitation was made by the Music Department of the Reich Culture Chamber, Berlin. The invitation was not accepted for many reasons, among them being the youth of many of the players whose parents would hardly consent to their going on such a long journey. So far as is known the offer is the first of its kind ever made to a high school band. Although it will not go to Germany, the Montrose Band will make a trip to the World's Fair in New York City.

Gets College Honor

The election of forty-six students to membership in the Dramatic Club of Cornell University has been announced. Among them is Miss Jane Banker, '42, College of Arts and Sciences, of Hays Corners. She was elected to associate membership in the costumes department.

Two Eighth Grade Pupils Selected To Receive Coveted Legion Award

Harold Brobst and Irene Blessing, members of the eighth grade class of Dallas Borough schools, have been recommended for the coveted American Legion scholastic award, according to T. A. Williammee, supervising principal.

The awards are being sponsored in the borough and in several other local schools by Daddow-Isaacs Post, American Legion. The choice in

the borough school was made by the faculty.

Brobst was chosen because of outstanding qualities of honor, courage, scholarship, leadership and service. Miss Blessing was recommended because she best fulfilled the qualifications of courage, companionship, character, service and scholarship.

The awards will be made at an assembly program, with American Legionnaires in charge.

'Aunt Beck's' Sister Dies At Allentown

Mrs. William Monk, Mrs. Laura Henson, Alvin Shaffer and Odell Henson returned this week from Allentown, where they attended the funeral of Mrs. Monk's only sister, Mrs. Caroline Olewine, who died at the home of her son, Robert Olewine in Allentown.

Mrs. Olewine was 88½ years old. Mrs. Monk, who is known here affectionately as "Aunt Becky", celebrated her 80th birthday last Christmas eve. The funeral was on May 17 and after services in Allentown the body was taken to Towamensing Township to St. John's Lutheran Church.

The pastor of the church, which was erected in the 1790's and im-

pressed the local visitors, is Rev. M. Luther Warhan, who asked to be remembered to some friends in this section, particularly Rev. Herbert E. Frankfort of St. Paul's Church, Shavertown.

Don't Buy Any Growing Mash Until You
READ THESE FACTS

TEST after test on Northeastern farms prove that this Beacon Feeding Plan helps to produce big, rugged pullets—at low cost. Briefly, you feed 70% of scratch grain with only 30% of Beacon "18" Growing Mash. This mash is so rich in digestible proteins that it actually takes 70% of scratch grains to balance it. Start when your birds are 12 weeks old and continue until they are housed.

Guess again!
COOKS THREE MEALS FOR FOUR WITH ELECTRICITY

Here's definite proof of the low cost of electric cookery. At recent public cooking demonstrations, Bertha Phillips Howe, home economist of this company, cooked breakfast, luncheon and dinner for four people on a modern electric range. And to the surprise of most housewives present, only 7½¢ worth of electricity was used, figured at 3¢ per Kwh.

Guesses by women attending varied from twice to four times the actual cost. Many of them admitted they couldn't believe it. But, to double check, those same three menus were prepared three times in one week before different audiences by Mrs. Howe. Each time the cost was the same.

Certainly, with this proof, you will want to know more about cool, clean, economical electric cookery. Call us today.
