SWOYERVILLE WINS CHAMPIONSHIP IN NO-HIT NO-RUN G/

SPORTS REVIEW

ONE OF THE most remarkable young pitchers we have ever investigated, who, at an early age, isn't really there, recently provided the logical conclusion to an already spectacular season by tossing a nohit no-run game.

pitcher, to opposing batters, in the ning by Centerfielder Michaels. scholastic baseball of Wyoming Valley is Fritz Dorish, husky young ersville High School. All season, it of Fritz's pitches (a rather nice at delightful little rainbows that aren't there at all. The real secret to the young hurler's success lies in the fact that nobody except the catcher knows what happers to the ball after it leaves his hand. And often the catcher himself isn't sure.

Monday afternoon even Coach Lou Palmero himself didn't realize that his star pitcher was about to enter the Hall of Fame. If Wilkes-Barre Township had known about it, chances are the players would have taken a turn around the field and a nice cold shower. As it turned out, they might as well have called the game off for all the good it did them to take their turns at bat.

• THE ONLY REALLY solid whack that the Wilkes-Barre players were able to muster came in the latter part of the seventh, which, if it had gone for a hit, would have come too late to do any good, anyway. As it happens, however, Outfielder Michaels came through for his alma mammy, made a spectacular catch which everybody agreed was impossible from the outset, and kept Fritz's record intact.

It was a very opportune catch, for it gave Fritz Dorish a remarkable no-hit no-run dinger for a remarkable season, Swoyersville a 9-0 shut-out victory and the championship of the North League, and capped a most discouraging and pointless day for the Wilkes-Barre

Incidentally, Fritz hit a homer earlier in the game to help win his own contest. Of course a homer was far more than Coach Palmero could reasonably expect of a flawless pitcher, but that little mentor has become inured to the unexpected on the part of Dorish. As far as we can discover, Fritz always hits safely at least once during a game, often comes through with an extra-base wallop or a homer, and never gets less than fourteen strikeouts.

DORISH PITCHES SAILORS TO NORTH LEAGUE CROWN

Fritz Dorish, sophomore hurler for Swoyersville High School and outstanding scholastic pitcher of Wyoming Valley, ended the season in a blaze of glory Monday afternoon when he tossed a no-hit no-run game against Wilkes-Barre Township to clinch the North League championship

To top his brilliant pitching feat, ⊕= Dorish hit his second homer of the year to bring Swoyersville's hits to Buddies Lose To seems to have solved adequately ten and aid his teammates in taking Thurston's old puzzle of how to a 9-0 victory over the Wilkes-Barre B League Leaders

The youthful moundsman gave one base on balls and two Wilkes-Barre players reached first in errors. Fritz had 15 strike outs, saw his no-hit no-run record saved by a Probably the most exasperating brilliant catch in the seventh in-

Slavish and Dzurek were outsquad with two hits apiece, batted in five of Swoyersville's nine runs. Reese and Bosentka were on the mound for Wilkes-Barre Township, but powerless to hold an inspired championship team in check.

Swoyersville, runners-up for the championship for three years, came out on top for the first time since 1935. Only three players will be lost to the championship nine through graduation.

of the pitchers could hold him down and the second baseman complained about the in-curves coming out from behind the plate, I put him on the mound. He's been winning games ever since."

Seventeen years old and big for his age, Fritz has both speed and control, is at his best when the going is rough. As far as we can see, nobody has ever seen him at his best, because the going is never rough. The teachers speak well of his work at school, which makes Dorish one of the few pitchers we have ever heard tell of who has something on the ball when he's off the mound. Between innings, he wears a cover over his right shoulder and arm, just like any big-leaguer.

Swoyersville was playing Ashley the day we went around. Along about the second inning, we saw a cloud of dust bring up at first, and a sheepish Ashley short stop toss the ball over to the first-baseman as an afterthought.

"Who's that?" we asked. "Oh," said Lou, "that's Fred Grace, our catcher. He does that

Cooks Three Meals for Four

with Electric Cookery

YOU wanted proof, and here it is! In three recent public cooking demonstrations, checked for accuracy by housewives right in this territory, Bertha Phillips Howe, home economist of this company, prepared three meals, each sufficient for four people. And the total cost of the electricity used—checked by your neighbors right before the eyes of all present—was only 7½c, figured at our 3c rate.

We cannot give you any stronger argument than that as to why you should investigate cool, clean, automatic electric cookery.

Look into this modern way to cook today. Call us for complete information.
