### New York Players Will Start Lake Season June 12

Harvey's Lake Supply Building Being Made Into Theatre

Harvey's Lake will have a summer theatre this season starting June 12, when a Broadway company opens with "The Curtain Rises" at Harvey's Lake Theatre.

Albert Cox and John Dooley of the Capitol Theatre, Wilkes-Barre, have taken a lease on the old Harvey's Lake Supply Company building at Alderson. During the past few weeks they have been making extensive alterations, removing partitions and installing steel work. The stage is now under construction and seats will soon be installed.

The company will be composed of eight players under the management of Chamberlin Brown of New York City. The Brown agency will handle the booking of all productions. Whenever occasion arises for players for special parts they will be brought from New York to take part in the productions.
