**Men's Shop Wins Forfeit Contest**

(Continued from Page 1)

In other A League games, the Warrior Run Cubs routed a hapless Hunlock's outfit, 25-6 to move into third place in the circuit, and the Colonial Club of Kingston took fourth with a win over Mergo's Sluggers, 5-3.

The Ashley Reds won a protested 8-7 victory from the East End Cards in a 11-inning North B League contest. The best pitching job of the day was turned in by Al DeMiller, moundman for Russell's Ice Cream nine, who pitched his teammates to a 9-8 win over the Ashley Tigers in a game which went 13 innings. A contest between the Miners Mills Yankees and Glen Lyon Tigers was called off.

The Nanticoke Zero Club toppled from the top of the South B League a month ago, began to climb back Sunday, tying for third place with the Heights Cards, whom they defeated, 6-5.

The Buddies will attempt to scale the South B heights Sunday afternoon when they meet the third-place Heights Cards in a game here, while the Luzerne Croation team opposes the top-flight Paramount Club in a North B contest.

A League: Warrior Run at Wilkes-Barre Grays, Hunlock's at Moca-naqua Eagles, Wanamie at Colonial Club, Mergo's at St. Mary's and Newtown Dixies at Orchard.

North B: Luzerne Croation Tigers at Paramount, Kingston Rangers at Ashley Tigers, Ashley Reds at Miners Mills Yanks, Glen Lyon Tigers at Russell's Ice Cream and East End Cards at Newtown Cubs.

South B: Heights Cards at Buddies Men's Shop, Glen Lyon Pirates at Chase Moca-naqua Holy Name at Kunkle, Nanticoke Zero Club, idle.

**MAKING RECORD**

Harry L. Thomas, formerly of Shavertown now of Forty Fort, for fifteen years manager of the Wilkes-Barre district for Lever Brothers, is making an outstanding sales record this year. More Lifebuoy soap has been shipped into his district this year than at any time in the history of his company. Mr. Thomas has been a winner in several national sales contests. His summer home is at Alderson.

quart and was getting a little less than one-half the two dollars which it costs to produce a hundredweight of milk on even pasture-feeding. It's a shame. Especially it's shameful in the face of attendant facts and the national propaganda to do something about the fundamental ills of rural life.

Why don't the farmers solidly organize? That question is asked and it has a corollary. Why don't the farmers directly dispose of their products through nation-wide co-operatives that will wipe out the scrambled system of costly distribution? There's no answer. In its absence is also the absence of economy in the one great industry whose loss the nation could never afford—unless, as is happening in Japan, there be recourse to the eating of worms, insects and weeds specially prepared by formula chemically proved safe.

—javie aiche.

Let's Talk Facts About Low Cost

**Electric Cookery!**

WE continue to meet a few people who still have the age-old idea that electric cookery is too expensive. So we want to again repeat that we recently proved its low cost right in this territory. In three public cooking demonstrations, checked for accuracy by housewives who are your neighbors, Bertha Phillips Howe, home economist of this company, prepared three meals, each sufficient for four people. And the total cost of the electricity used—checked by your neighbors right before the eyes of all present—was only 7½c, figured at our 3 cent rate.

We think this proof of low cost should be a clinching argument in favor of cool, clean, automatic electric cookery. A telephone call or a card will bring you complete information.
