Dallas Woman's Club Triples Membership In Eight Years

An organization of which the Dallas area can well be proud is the Dallas Junior Woman's Club which has grown with the community from the 29 charter members who organized it in 1932 to a membership of 92 representative women who are doing a good job in social service.

The club, which grew out of a tea held at the home of Marie Woolbert Richards, was organized by Lettie Lee Culver, Beth Love Jones and Mrs. Richards, December, 1933. It became state federated at which time it pledged itself to develop

educational, moral and civic interests in its members and to promote the progress and work of the State Federation of Woman's Clubs. Since then it has given milk, food, coal, and clothing to needy families, has taken part in welfare drives, has contributed to the building fund of the Dallas Methodist church and is at present taking an active part in the Red Cross sewing and knitting projects.

Past presidents have been: Lettie Lee Culver, Mary Durbin, Beth Love, Edna Whitesell. Bernice Lundy is acting president.

Women Of Rotary Serve Community

Furnish Clothing And Food For Needy Babies

Taking full responsibility for clothing and feeding the underprivileged new babies of the Dallas area, the Women of the Rotary have, indeed, been instrumental in "building greater Dallas." Complete layettes, from booties to blankets, made by the women themselves, have been given wherever needed.

Women of the Rotary organized in the spring of 1928 with 25 members who met at Raub's old hotel. They hold their meetings now the second Thursday of the month at the Country Club and meet whenever necessary at members homes to make new layettes.

Mr. and Mrs. James Franklin spent the week-end in New York state.

Mr. and Mrs. Alvah Eggleston spent the week-end as guests of the latter's parents, Mr. and Mrs. Wesley Himmler on Lake Street.

American Beauties

We haven't seen anything quite like Mrs. John Williams' climbing American Beauty rose bush since we spent the summer at Nantucket where whole roofs of cottages are canopied with blossoms. Mrs. Williams says she started her climber only a few years ago from a 25c bush. If the weather is cloudy and you're feeling a bit wistful, just take a walk to Williams'. There's nothing quite like hundreds of gorgeous American Beauties to make your heart feel good.

Past presidents have been: Myrtle Isaacs, Edna Howell, Alberta Garinger, Jane Case, Madeline Wagner, Charlotte Martin, Clara Metz, Malvina McIntyre, Irene Monk, Alberta Garinger, Alice Kingsley. Mrs. Laska Jurchak is retiring president and Mrs. Clow Hallock will go into office at the July meeting.

Mildred Kitchen Is Hostess To S. S. Class

Mildred Kitchen was hostess to members of her Sunday School class at her home in Alderson Tuesday afternoon. Lunch was served and games played. Present were: Margaret Harris, Betty Kason, Margaretta Puterbaugh, Florence Ward, Wilda Zimmerman, Elizabeth Kitchen, Naomi Higgins, Miss Elsie Garinger, Mrs. Giles Comstock, Mildred Kitchen and Mrs. Harvey Kitchen.

Sam Houston, famous in Texas history, was born of Pennsylvania ancestors and many of his relatives are still living in the Juniata valley.

To Hold Recital

Piano pupils of Lillian Rood Oliver will hold their annual recital in the Shavertown Methodist Church on Monday, June 24, at 8 o'clock. Parents and guests are welcome.

Pennsylvania has two Bald Eagle Creeks. They were both named for an Indian Chief and one flows north to the Susquehanna River while the other goes south to the Juniata.

FOREST PARK

An Ideal Suburban Location!

A restricted residential section . . . with lots averaging 100 feet by 300 feet . . . recreation park . . . improved streets, . . . all utilities . . . water, electricity, paved road . . . co-operation in financing the home you've dreamed of . . . in a suburban location that is truly ideal.

HAYS CORNERS

A GOOD YEAR TO BUILD—1940

1940 may be one of the last very favorable building years. Building materials which cost \$1 in 1926 can still be purchased for 85c . . . interest is lower . . . lots are still a bargain . . . and financing terms are still easy.

Can you imagine any more favorable set of circumstances for the home builder?

All these favorable factors came together early this year. How long can this situation last? Interest will probably stay low for some time . . . but, an increase in industrial activity will tend to raise all prices . . . building materials included.

NET RESULT . . . there never has been a better time . . . and won't be in the future . . . to build a home.

FOR MORE FACTS on how YOU can do it . . . come in and see us.
