

New Nash Sales Break Records

Company Uses Heavy Newspaper Advertising

Nineteen forty-one will be a big year for Nash for the curiosity of the American people has been aroused by the unheard of economy advertised and proven in the new Nash Ambassador "600" series cars. Sales increased in the Philadelphia Branch Area 126 percent for the same period last year and the heavy buying of Nash cars has resulted from motorists who are interested in full size comfortable transportation at a minimum of operating cost. Savings as high as \$100 per year are possible with this new revolutionary type car and nothing has been sacrificed from riding comfort, ease of handling, roominess, durability or power.

Nationally, Nash sales have more than doubled during January and February proving that the American public, always recognizing outstanding value, has placed its approval on the National Economy Champion—the new Nash Ambassador "600". Nash is a consistent advertiser in community weekly newspapers. Its advertising is carried regularly in The Dallas Post. Nearest dealer is the Perry Service Station, 375 Bennett Street, Luzerne.
