One word that can win (or lose) the war!

WHEN YOU ADD it all up . . . When you cut through the fog . . . One word is going to win this war or lose it.

That one word is . . . IF. We're going to win this war . . . if we spit on our hands. If we work till it hurts. If we SWEAT instead of perspire.

If we roll out far more guns—far more tanks—far more ships—far more planes. And if we don't forget for a minute that guns and tanks and ships and planes cannot pay for themselves!

If we remember it takes money. Lots of it. The Government is asking us to lend it. Not just our spare cash. But every blessed dollar we can afford.

The Government wants us to buy Stamps and Bonds with it. And still more Stamps and Bonds.

Let's not make the fatal mistake of sitting back and letting the other fellow do it. Let's do it now: Everybody. You. Me. Us. All. Start now buying Stamps and Bonds every pay day.

Show the man behind the gun, the man on the sea, the man in the air, that you're going to see this thing through—and see it through NOW.

Remember, you can start buying Bonds by buying Stamps for as little as 10 cents and that you get a \$25.00 (maturity value) Bond (Series E) for only \$18.75.
