Rev. Prynn To Preach On Famous Painting

On Sunday evening at the First Methodist Church, Rev. Austin L. Prynn will preach a sermon based on the painting by William Holman Hunt, "The Light of the World." Hunt painted this picture in 1854 and crowded into it such a wealth of symbolism that it is quite impossible to see all that is there without a guide to point the details out and to offer some interpretation of their meaning. A stereopticon slide in which the coloring of the original has been faithfully copied will be used in explaining the teachings of this great painting. Enough copies of the picture in colors have been ordered so that each person attending the service may have one to remind him of its lesson. A notebook and pencil will be able those present to take notes, if they so desire.

Others present were: Evelyn Keller, Elsie Jean Ide, Marilyn Williams, Jean Ide, Irma Calkins, June Swan, Ethel Ide, Betty Warner, Hazle Garinger, Larain Keller, Mrs. Rossman and Miss Elizabeth Sorber.

Gobble Your Thanksgiving Pie

KEEP dessert traditional for Thanksgiving. Serve Pumpkin Pie but give it a new touch with a special pastry and a top shaped like the holiday bird itself. To make the turkey simply cut a paper pattern, lay it on the pastry and cut around it.

Complete directions follow:

All-Brwn Honey Pumpkin Pie
1 unbaked All-Brwn pastry shell 1 1/2 cups pumpkin
2 eggs 1/2 cup honey
1 cup milk 1 teaspoon cinnamon
1/2 cup cream 1/2 teaspoon ginger

Prepare All-Brwn pastry shell. Beat eggs slightly; add remaining ingredients and mix thoroughly. Pour into unbaked pastry shell and bake in hot oven (450°F.) about 15 minutes. Reduce heat to moderate

(350°F.) and continue baking 45 minutes or until a knife inserted in the center comes out clean. Yield: One 9-inch pie.

All-Brwn Crust
1/2 cup All-Brwn flour 1/2 teaspoon salt
1 1/2 cups flour 1/2 cup shortening
4 tablespoons cold water (more or less)
Roll All-Brwn until fine; combine with flour and salt. Cut in shortening. Add water, a little at a time, until dough is moist enough to hold together. Roll out on lightly floured board to about one-eighth inch in thickness.

Turkey Silhouette
Roll out leftover pastry. Draw outline of turkey on white paper, place on pastry and cut around pattern with sharp pointed knife. Bake in hot oven (450°F.) 10 minutes. Place on top of baked pie.

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor.

Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save on "little things" to provide money for War Bonds.

"We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared.

The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit.

From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, Stamp and Bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas.

Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever.

"The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.
