## A Word About This List....

The following list of men and women from the Back Mountain Region who are now in the armed services first appeared in the November 6th issue of the Dallas Post. Since that time we have received numerous requests from parents, relatives and men in army camps to republish the list. Within the three weeks that have passed more than 150 changes have been made in addresses and many new names have been added. We would appreciate it if all who read the list will notify us immediately of any errors on the form provided for that purpose in each issue of The Post. Please do not telephone. If complete information has not already been sent in to us on any man we would also appreciate having that sent in, too, by parents or relatives. We believe it would be a good idea for you to save this list and make a special effort to send a Christmas card to as many of these boys as possible whether you know them personally or not. Your time and effort will be amply repaid in the grateful appreciation of those whose spirits will be buoyed up by the thought that their home community is solidly behind them.
