A Hosiery Gift Will Be Treasured

THE gift of gifts this year will be lovely stockings. When you go out to select stockings for yourself or for gifts, you'll find new rayons which will appeal to your own exacting tastes and meet with the approval of your friends. The high twist yarns used in today's rayon stockings give them a sheerer, duller appearance and improve resistance to snagging. While the special high strength rayon yarns, perfect for hosiery, which science has developed, are being used in the war effort and cannot be produced commercially until after the war, rayon stockings have definitely been improved as far as conditions permit. If you have a thorough knowledge of your new rayon stockings, know how to handle them, how to wash them, care for them, select them, they'll give you pleasure, good wear and satisfaction. A helpful leaflet, "The Selection and Care of Rayon Hosiery," containing all the facts you should know about rayon stockings you'll be wearing, may be obtained by sending a stamped, self-addressed envelope to Woman's Feature, Department of this paper, specifying leaflet No. 101.

lough with his family, returned to Fort Knox on Thursday. Mrs. Knecht went back with him.

Neil MacIntyre, home on furlough from the Pacific Coast, is visiting relatives in Trucksville. Mrs. MacIntyre is the former Ruth Boyle.

Lehman P. T. A. Enjoys Community Party Report

The regular meeting of the PTA of Lehman High School was held Monday evening, Dec. 14th at the school. Mrs. Charles Nuss, chairman of the ways and means committee, gave a report of the success of the Community Party which was held at the High School recently. The party was planned to entertain the entire community, and was certainly found to be a delightful respite from the mental anguish of war.

People came in groups, thus saving gas and tires. Entire families arrived to enjoy the many and varied means of entertainment. There were game rooms for children ranging from the 1st to the eighth grade. There were Chinese checkers, checkers, finch, monopoly, etc., for the junior students. A juke box furnished music for the jitterbugs, as well as waltzes and fox trots for the youth of yesterday. There were square dances too with Mr. and Mrs. Giles Moore to furnish the music. Lunch was served to approximately 250 people. This clearly shows the response of the people of the community to such an occasion, which was held mainly to draw them to a place where entertainment and community spirit holds sway.

There have been many requests to repeat this type of party and the committee is seriously planning to do so in the near future; particularly after the holiday season, and we are sure the response will be equal if not increased in the coming event.

Fellowship Meeting

The monthly Fellowship meeting of the Lehman Choir was held Friday evening at the home of Mr. and Mrs. Robert Scott, Outlet road. The business meeting was held with Mr. Wm. Trethaway presiding.

We've got a HEIFER in our office

... and spring chickens to greet you at the door. This is the darnedest place you ever saw. Bessie has been with us almost a year and she's the prettiest, friendliest Guernsey a man ever laid eyes on. She's got a winter coat any city stenographer would be proud to own ... but no sugar daddy bought Bessie's coat. Purina put it on. We couldn't do business without Bessie, though all she does is eat Purina Chows, coax strangers to pat her head, and raise old Ned when visitors leave. We don't know why Bessie hates to say "good-bye" ... and gets lonesome every time a customer departs ... because we have got more customers now and are selling more Purina than we did when Bessie was a calf.

You've got to feed Purina Chows to know what they'll do. That's why you'll always find a heifer, turkeys, chickens, rabbits and maybe a goat ... not to mention the cats ... all fed on Purina ... right in our mill.
