

# THE OUTPOST

(Continued from Page Two)

Am doing communications work under the Hawaiian Sea Frontier Command and like the work and the personnel very much. Have also had a couple swims on Waikiki Beach which was very enjoyable (though I'd prefer Harvey's Lake or George Bulford's Pond). The trip out was very interesting to me as it was mostly new.

Guess that covers about everything, briefly, except that I'd enjoy having a cup of coffee with Jack Richardson at Hislop's most any morning in the week!

As ever,  
George B. Turn, Lt. (JG),  
Hawaiian Sea Frontier,  
P. S.: Tell the bum I mentioned, to write.

• He will when he sees your P. S., George. We have been mailing your Post in care of the Fleet Postoffice, San Francisco since June 16. Some of them should be catching up with you now.—Editor.

## Pennsylvania Forever

Dear Editor:  
Just a short letter to tell you I have been transferred at last from North Carolina basic camp to Airplane Mechanic School here at Lincoln Air Base. I was praying to get a little nearer Pennsylvania but didn't get my wish. I am now attending school which lasts four months, then on to specialist's school. It seems a long time to wait to get home again.

I really miss the hills back in good old Pennsylvania. It is level here as far as I can see. We have the best equipped base I've ever seen. The officers and men are all swell. Charles Barnes of Huntsville is still with me.  
In our last camp the Pennsylvania boys did it again, as we took the banners for being the best singing, marching, drilling and shooting squadron on the post. I want to see the fellows from home keep on winning those banners as always before.

I'm enclosing the coupon for change of address and will close for this time thanking you for the Post. It helps out very much, so thanking you again for keeping the home news coming. I remain  
Yours truly,  
Pfc. Howard Wilcox,  
Lincoln Air Base,  
Lincoln, Nebraska.

• Howard Casterline is at Alliance, Neb., and Donald Mitchell is at Fort Crook, Neb. The four of you are all of the Back Mountain boys who are now stationed in that flat State.—Editor.

## Going Back To Army

Dear Mr. Risley:  
Since I am home from the Army on a discharge until September I suggest that you discontinue sending the Post to Camp Crowder.

I drew no end of pleasure out of the Post while I was at camp. I repeat that it is a fine thing the Post is doing for the men in the service. When I return to the Army, I am going to look forward to receiving the Post again each week.

Thanks for your kindness.  
Sincerely,  
Bob Lewis,  
Shavertown, Pa.  
• . . . and we are going to look forward to some more of those interesting letters you know so well how to write.—Editor.

## It's Hot In Georgia

Dear Mr. Risley:  
Well, after reading the other two letters that had in the other papers I thought I should write and let you know that I read them.

I wasn't kidding when I said it was really hot down here. Today it has been as hot as 101 degrees and that isn't any too cool to suit me. I'll take the good old northern weather any day compared to the weather we have down here.  
We had some more rain the other day and it really came down. There for a while I thought it wouldn't stop. It rained steadily for about two hours and came down so hard that the upstairs in our headquarters looked like a small lake.

Our softball team won the championship of the Y. M. C. A. Inter-Service League and at the present time we are entering in another

league. In the Inter-Service League we only lost three games in the whole season.

Well, I guess everything looks swell back home about this time. It looked like the same old town when I was home last month, but it took me a while to get used to the scenery. At first it looked like everything had been raised a couple of feet.

Well, I guess that will be all for this letter so I'll close and I'll try to have a more newsy letter next time.

Sincerely,  
Pvt. Earl D. Williams,  
1110 Bull Street,  
Savannah, Georgia.

• How's the peach crop in Georgia? Everybody up here is wondering. While most fruit and Victory Gardens look excellent, there were few cherries and apparently there are going to be few Pennsylvania peaches.—Editor.

## On New Carrier

Dear Editor:  
A few lines to thank you for sending me the Dallas Post. I sure do appreciate getting it and look forward to seeing the Back Mountain news each week.

Though I've been transferred quite a lot lately, I've received it pretty regularly, which I also appreciate. I left Seattle where I was stationed the past few months, and am now aboard a new aircraft carrier. It is somewhat different to me, as I was previously attached to a destroyer. I think I'll like it O. K.

These letters being censored, I can't say too much.

Many thanks again for sending the Post.  
Bill Renshaw, T. M. 3/C  
C/O Fleet Post Office,  
San Francisco, Calif.

• There is an air operations officer on some aircraft carrier (it's a new one named after a river famous in song) who was my roommate at Wyoming Seminary. He is Commander Dale Harris, formerly of Laceyville, later of Annapolis, Md. If you ever run into him, tell him Dr. Jack Kulp and I send our regards. He's a swell fellow.—Editor.

## From Billy Price, Jr.

Dear Editor:  
I was completely overjoyed at having received your Dallas Post this morning. I can hardly express my thanks to you for it, honestly. For, you see, it's the first Post I've received in three and a half years in the service.

I miss the wonderful town of Dallas immensely. I certainly would enjoy going home to see my former surroundings and renew old acquaintances.

Your article in the paper on Mel Adler's experiences interested me very much. I had to go through the same thing he did, for I'm in the exact place where he encountered his experiences and I am very proud to say that I was with the outfit that annihilated the Japs here and wound up the campaign.

We have loads of fun watching dog fights between our planes and the Nipponese. We very seldom see one of our planes fall to earth in flame.

I've picked up quite a lot of souvenirs in my travels. Just the other day I swapped a Bush native a can of cigarettes for a War Club. They can't talk English fluently, but they sure can say dollar and cigarettes without an accent.

I haven't seen a white woman in seven months. I'll probably regard Eleanor Roosevelt as a striking beauty when I get back to civilization.

Well, much to my regret, I can't think of another word to say, except I want to thank you once again for thinking of me and sending me the Post.

Perhaps I'll run into Bud LeGrand in the near future. He isn't but a stone's throw from here.

I remain,  
Pfc. Billy C. Price, Jr.,  
Somewhere in the South Pacific.  
• Bill, you old son-of-a-gun: I thought you were getting the Post right along until your dad stopped in one night and told me. Even then we got balled up on the addresses and stopped your brother's paper instead of adding your name to the list. Finally with some more from your dad we got back on the beam. Anytime you miss the Post for any length of time, or change your address, shoot us a V-mail letter. Speaking of white women, there aren't any left. They're all tanned red as Indians from working in Victory Gardens. Swell to hear from you. Now that we've established contact, write often. The folks are all anxious to hear from the home town boys.—Editor.
