The daughter of Abraham A. and Elizabeth Miers Schultz, pioneers of the Back Mountain Area, she was born in Kunkle, on September 27th, sixty-six years ago. She attended Kunkle and Forty Fort schools.

A member of the Idetown Methodist Church, the W. S. C. S. and the Ruth Bible Class, she was well-liked not only by members of these organizations, but by the whole community. She was also a member of the Dallas Chapter of the Eastern Star.

**Line Of March Announced**

line of march as well as groups of service men, Back Mountain Fire Companies and groups of marchers representing civic, social and fraternal organizations. A varied program of entertainment has been prepared and block dancing will follow the announcement of awards.

Henry Peterson, general chairman, said this week that he is pleased with the number of adults who have told him that they expect to take part in costume. Special prizes will be awarded to adult groups.

**Draft Board Physicians Examining Married Men**

Dr. F. Budd Schooley, examining physician for Shickshinny Draft Board which draws men from some of the surrounding townships, says that many single men who have been deferred because of essential war work are now being called for physical examination. He also said that the eighteen-year-old group has now been pretty well exhausted. It is his belief that a large group of married men will be inducted by the Shickshinny board before the first of the year.

**FOR PERFECT PRESS AND SPARKLING SHOE HE COPPED THE PRIZE**

Who? Nope, not Robert Taylor or Errol Flynn, but none other than our own Evan Evans, Guadalcanal Marine, from Trucksville. Evan was chosen best pressed and best shined Marine out of eighty-five stationed at Bremerton, Washington—and that's a record. To be a Marine means to be neat, but to be the neatest Marine—well, he must sparkle from head to foot. As a reward for his shins, shaves, haircuts and presses, Evan was made orderly to the Colonel. Oh boy, wait 'til he comes home, girls!

**Swimming Deer Continue To Thrill Nature Lovers At Harvey's Lake**

The deer that range the game preserve at Harvey's Lake, leased by the State Game Commission, from Andrew J. Sordoni, have provided many interesting moments for Alderson residents this year.

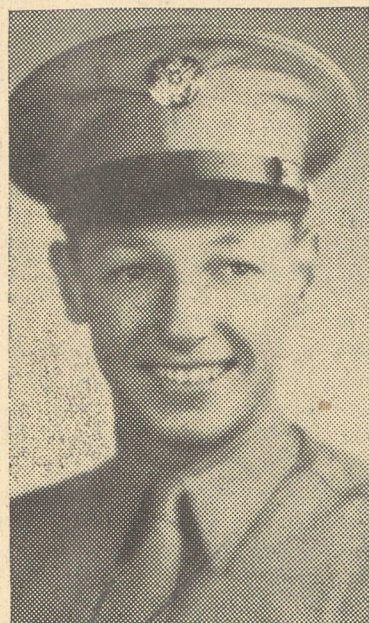

Covered with second growth timber and protected thickets, the preserve is located back of Alderson, between the Buckwheat Hollow Road and the Noxen Road that runs from the Picnic Grounds to Ruggles.

Although the deer spend most of their time within the wire enclosure, where no hunting is permitted, groups of does have formed the early morning habit of taking jaunts down over the slopes back of Alderson to the main highway, encircling the lake and thence across the Kunkle highway, and back of Herman Garinger's meat market, where they bound across

the open fields and up over the slopes to the wood lots in the vicinity of the Sordoni Picnic Ground. If dogs happen across their trails before they cross the highway skirting the lake, the deer frequently take to the water in self-protection, swim the lake, and emerge on the other side confused—but still determined to reach their objective on the wooded hillsides, back of Kunkle.

Last Saturday morning, jaded Alderson residents were amazed to see a buck with a beautiful rack, saunter out on the highway from behind the Alderson post office and Dave Deater's store, then walk deliberately to the lake shore and into the water for a leisurely early morning swim. No dogs had chased him. He was just taking his annual bath. Probably some nagging doe had driven him to it.

**In North Africa**

F/O GLENN A. LOVELAND

Mr. and Mrs. A. F. Loveland, of Main street, Trucksville, have received word that their son, F/O Glenn A. Loveland, is somewhere in North Africa with a night fighter squadron. F/O Loveland graduated from Kingston Township High School in 1940 and was an electrician's helper at the Boston Store before entering the service in September, 1942. He received his training at Boca Raton Field, Florida, Orlando Air Base, Florida and Kissimmee, Florida. Glenn has a letter in the Outpost this week.

**Firemen Share In State Fund**

Payments Total Almost \$1,000

Largely through the efforts of its president, Harry Ohlman, who made a personal search of almost forgotten records at Harrisburg, Dr. Henry M. Laing Fire Company Relief Association this week received \$944 from the Auditor General's office as its share of the State Fire Insurance Tax paid by out-of-State companies on business written in nearby townships protected by the Dr. Henry M. Laing Company.

But for the alertness of Mr. Ohlman a large part of this money would have been turned over to another fund and been divided among larger fire companies of the State. While the money can be used only for relief purposes—injury of firemen, deaths etc.—and cannot be used for the general operating expenses of the company, it nevertheless provides a substantial sum that can be placed at interest.

The payment received this week brings to \$2,667.47 the amount now in the Dr. Henry M. Laing Relief Fund. \$500 of this amount has been invested in war bonds and the balance is out at interest.

This week's payments representing payments due from the State Fire Insurance Fund for the years 1935, '36, '37, '38, '39, '40 and '41 were: Jackson Township, \$230.85; Franklin Township, \$142.63; Dallas Township, \$145.33; Lehman Township, \$172.97, and Dallas Borough, \$252.66. Payments for the last three represented amounts due only for 1941.

**Schoolmen Are Guests At New Cumberland**

(Continued from Page One)

married man in his thirties. Howard Hendricks said he was surprised to see how nervous the high school boy was. "Sweat covered his face and dripped off his nose. He was a bright boy," Mr. Hendricks said, "and apt in radio work, but he apparently had been told that going through the reception center was serious business, and he was taking it too seriously."

All of the school men concurred that after going through the reception center they were impressed with the fine treatment accorded the new soldier. Each soldier was sent to the type of work for which he was best suited. "I was very much impressed", T. A. William said, "with the serious look on the faces of the new soldiers, both before and after they received their uniforms, but after seeing them outfitted, and after having eaten with them, I would say there is no question that Uncle Sam's soldiers are the best dressed, best fed and best treated in the world."

"The trip to New Cumberland, will help all of us to prepare our boys who will be drafted with what to expect when they first enter the army."

**Note of Appreciation**
