MAKE YOUR OWN SLIP COVERS—IT'S FUN!

Slip covers work magic with home decorating. They protect new upholstery and disguise the old. In drab, toneless rooms, they add the color and gaiety that makes living in pleasant surroundings such fun. Anyone who sews a seam can make her own slip covers and at a substantial saving. Directions for making slip covers for sofa and wing chair may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. S 13-7.
