When You Think of SELF-PROPELLED ... Think of MASSEY-HARRIS ... The Pioneer Builders

Keep that bird in the hand!

It won't be worth two in the bush if you cash it in—that War Bond, we mean. It won't buy your boy, or your neighbor's boy, enough extra ammunition maybe to save his life... if you cash it in. It won't help bring that final victory nearer... if you cash it in. It won't pay you \$4 for every \$3 you invested... if you cash it in. So, please—besides buying all the extra Bonds you can scrape the pennies together for—hold onto the War Bonds you've already bought! Yes—hold on for dear life! Keep that bird in the hand!

War Bonds—to have and to hold
