THE OUTPOST FROM CAMPS AT HOME

(Continued from Page Two)
last two weeks now. That is one thing that I always look forward to getting every week so that I can find out just what is happening around the Back Mountain section.

They have shipped out quite a few of the boys from out of our outfit. Some of them have gone to the Infantry and some of the others have gone to an MP outfit in Louisiana. There is no telling how many more of the fellows will be shipped out but I'm sure hoping that I'm not one on the list.

Things are pretty dead around here and there isn't any more news that I can tell you about, so I will close and will be looking for this weeks issue of the Post without fail.

Sincerely,
Pvt. Earl H. Williams

It's good to hear from you once more, Earl. A couple of my friends who are spending the winter in Florida have written home for their overcoats. Hope they freeze before they get them.—Editor.

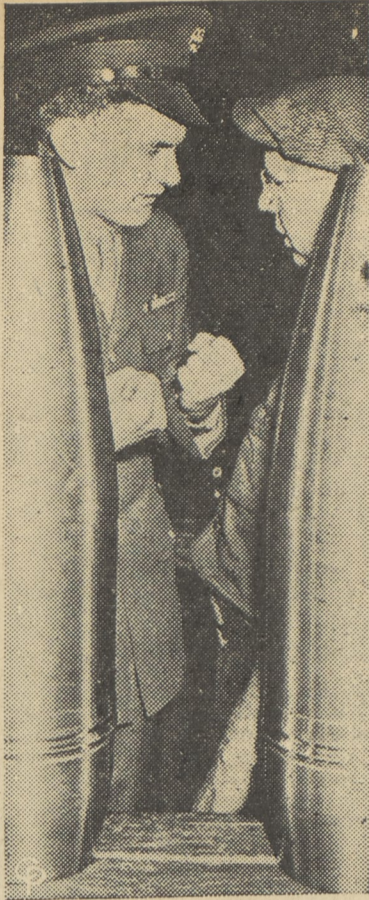

Approves Library
Mr. Risley:
I should be ashamed of myself for not writing before but it seems as though I have a lot of time but never seem to get anything done.

Have been receiving the Post and appreciate it but have been hoping to have something to write about besides thanks. Have been here in Daytona two years now and am ready to move. Guess I will be moving soon. Someone has to relieve those boys out there and as I have already had over two years shore duty, I will be eligible to be a relief for someone to come back. I just hope I can do as good of a job as he has done.

I was home in September and actually intended to pay you a visit but Ken Davis was also home at the time and not seeing him in two years, well, we didn't get much done but had a wonderful time.

As my home is at the lake, my opinion on a Dallas library wouldn't be much, but a library helps any place. Dallas is big enough to warrant one and it would benefit the lake as well, not mentioning all other nearby communities. I say, "Build the town up for a better life when we come home."
Hear you have had snow lately. Bet I am not the only one that wishes he could see some of it.
Nothing here but routine and everyone knows what that is, and it's time to be back to it.
Wishing all a Merry Xmas.

Pleads for Shells

ONE OF 27 front line fighting men sent home by General Eisenhower to tour the ammunition plants as production boosters, Sgt. Richard Vanderbloemen, Depere, Wis., tells Robert McCoy, a worker at the U. S. Steel's shell plant, Oil City, Pa., how badly heavy shells are needed by his buddies to batter down the German Westwall. beats his letters home is it Don? It was nice to chat with you and your dad the other afternoon. Here's hoping you have a happy Christmas in your new location in California and that you'll send us your new address just as soon as you get located. You bet your boots we're going to have that library and its going to take care of the whole Back Mountain country.—Editor.

FALSE TEETH

THAT LOOSEN NEED NOT EMBARRASS
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FAS-TEETH, the alkline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

WITH WINTER FACING US

... we cannot help but seriously consider the financial protection of our home.

Is your mortgage loan flexible? Is it adapted to your income? Is the interest low in cost? Are you prepared against the possibility of another downward cycle?

We offer a loan on a Definite Payment Plan... a loan, too, that wipes itself out in easy payments until, before you know it, you will have your home free and clear.

TIME FOR CAR INSPECTION!

Car inspectors are the civilian top-sergeants who bring time-worn cars up to par. The average car now is over eight years old. War-time wear—plus age—means that you must be more alert than ever to keep your car rolling. Car inspection will help you to do this.

YOUR CAR MUST BE INSPECTED BY JANUARY 31, 1945. There will be no extension of this period. Get in early and have the job done. Waiting until the last days of this period may mean that you will be unable to drive your car because you lack the official inspection sticker.

TRANSPORTATION MUST NOT FAIL. It will not fail if you cooperate by getting your car inspected—and inspected early. Pennsylvania is counting on you.

CAR INSPECTION TODAY IS AN ECONOMIC REQUIREMENT AS WELL AS A WISE SAFETY PRECAUTION. STICK BY YOUR STICKER!
