Good work young people! Because of your fine efforts on last Saturday nite, the Christian Church folk had a place to park their cars

on Sunday without fear of getting stuck in the snow. Several of the young people, with their shovels, gathered at the church in the early evening and worked like troopers to clear the walks and drive around the church. When their work was completed they enjoyed a hot supper served to them by Mrs. Jack Roberts and Mrs. Ralph Frantz. Not only did the gang have a good time, but their good time served a very good purpose. Many thanks from all of us.

Attendance in the Church School of the Disciples, is steadily on the increase. Last Sunday, the Junior Class, taught by Miss Elma Major, had 100% attendance. We hope this class can retain its fine record, and another class accept the challenge to equal it. Who will be next?

The ladies of the Christian Church met at the church on Wednesday, for an all day quilting. A box luncheon was enjoyed by all.

HANG ON!

AMERICA WON'T LET YOU DOWN

Blasted out of the sky in the battle for the Philippines, he waits in shark-infested waters—alone. Surely they'll send out rescue planes—surely they'll find him! Boy, what he wouldn't give for another crack at those Japs! For the chance to finish the fight.

He knows the war isn't over yet—not by a long shot. But do the folks back home know that, he wonders? Are they still working hard for victory—still buying bonds, and hang-

ing onto the bonds they buy? Hanging on for dear life, as he is now?

Ask yourself these questions before you tell him not to worry—that of course America won't let him down. Ask them again when you start to cash in a War Bond you don't absolutely need to redeem—when more and more equipment is needed to finish the fight. Ships, tanks, planes—lots of planes. Like B-29's, costing \$600,000 in War Bonds each. Or like rescue planes.

YOUR SHARE in Victory and Peace

Your War Bonds are evidence of your determination to back our fighting men for an early victory.

They also represent your financial security and your postwar prosperity.

Don't cash a bond except in an emergency.

Before you cash it, ask yourself:

Is the emergency so great that I must reduce my support and withdraw these dollars from the battle to win the war—and the peace?

You gain and your country gains when your bonds are not cashed until maturity.

New WAR PRODUCT STOPS RUST...

on Farm Machinery

We now offer farmers in this territory a new Sinclair product, developed to prevent rusting of Army equipment. It's Sinclair RUST-O-LENE B.

Applied by painting, or spraying in diluted form, RUST-O-LENE B covers metal with a tough film that resists cracking, peeling, slipping or being washed away, yet is easily removed with kerosene or gasoline. One application keeps metal parts from rusting for many months, even when they're outside. And when put on surfaces already rusted, RUST-O-LENE B prevents further rusting for a long period. You can apply it to wet surfaces, too. Available in 100-lb. drums and 25-lb. pails.
