

## Dallas Girl Wins ODB Cash Award

### Township Graduate Cited For Suggestion

Lottie L. Brzyski of Dallas was among the seven employees of the War Department office of Dependancy Benefits to win cash awards for suggestions on methods of improving the operations of the huge war agency which administers family allowances and allotments-of-pay for the Army. She is a typist in the Information and Public Relations Branch.

Miss Brzyski received \$10 for her suggestion to prepare in advance copies of basic information to be associated with spot news releases to newspapers in towns visited by ODB officers. This suggestion saves many hours of typing plus boxes of carbon paper each month.

The daughter of Mr. and Mrs. Walter J. Brzyski of Dallas, Miss Brzyski has two sisters living at home. They are Margaret and Louise Ann. Lottie Brzyski graduated from Dallas Township High School in 1940, and later took a commercial course at St. Mary's. She came with the ODB in April, 1944, and was assigned to the Information and Public Relations Branch.

## Idetown Roll Is Near Completion

### Dedication Date To Be Set Shortly

A dedication date will be set shortly for the beautiful stone honor roll which has been erected at Idetown. As soon as weather permits, grading, sodding and landscaping will be completed and several more names will be cut on the limestone memorial.

At a meeting of the Idetown Men's Bible Class last Friday night at the home of Robert D. Renshaw, William Casterline, treasurer of the Honor Roll fund, reported that \$368.70 of \$409.75 collected has been expended to date. A balance of \$41.05 remains in the treasury.

The committee urged that all citizens who can help in the final work of putting the memorial in shape for dedication contact Bruce Williams, chairman. If there are any further names to be added to the roll these, too, should be reported to Mr. Williams.

## Davis Prepares Bases For B-29s

### Now Stationed At Field In Marianas

TWENTY-FIRST BOMBER COMMAND HEADQUARTERS, GUAM—(Delayed)—Staff Sergeant Clifford H. Davis, Dallas, is one of hundreds of enlisted men at a huge Superfortress base in the Marianas whose diligent efforts have made it possible for the giant B-29 bombers of Major General Curtis E. LeMay's 21st Bomber Command to strike regularly at the heart of Japan's war industry.

Sergeant Davis is an airplane mechanic in a combat unit commanded by Brigadier General Emmett O'Donnell, Jr., who led the first B-29 striking force from Saipan to bomb Tokyo's aviation industry on November 24, 1944.

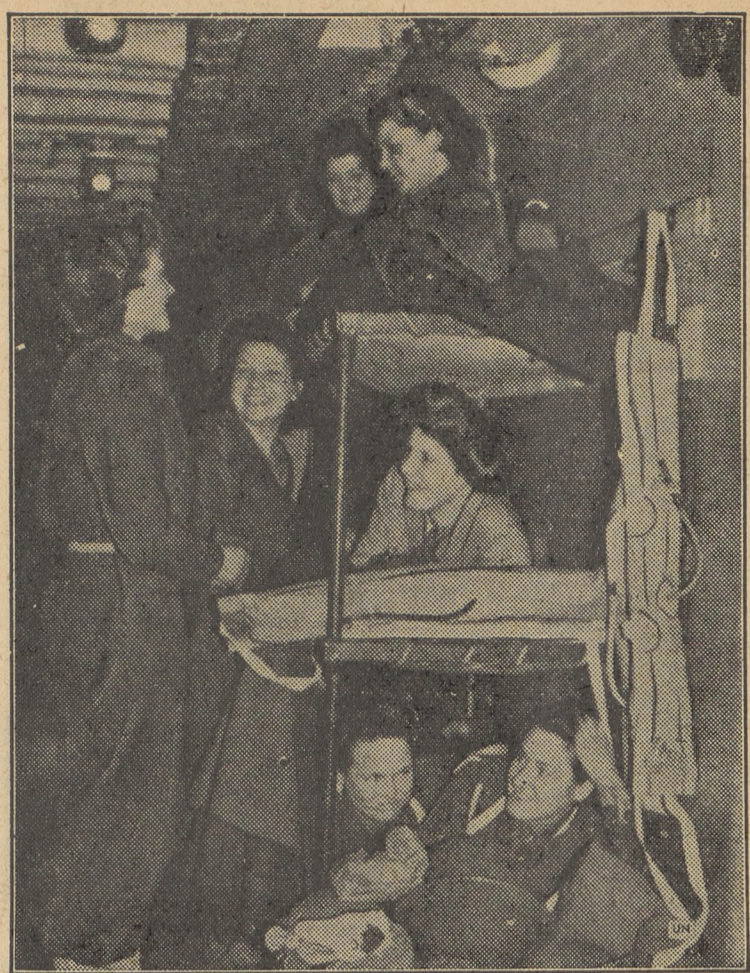

"The work of Sergeant Davis and his fellow soldiers is directly responsible for the success of the B-29s in bombing Japan's war industries," General O'Donnell said in congratulating them. "These men realize their responsibilities in the pre-mission tasks of insuring the maximum chance for safe return of the air crews."

"Without the spirit of teamwork which has been exhibited by every man, our pioneering job, which is only beginning, could not have been a success. They have given their services fully and in complete disregard for personal comforts and pleasures in lieu of hard work and long hours."

An additional tribute has been paid Sergeant Davis and the others for their toil in constructing their B-29 bases. They arrived last August and September and, since aviation engineers were busy with the high priority task of airstrip building, they constructed homes for themselves and for the aerial combat crews who arrived later.

Sergeant Davis' mother, Mrs. Esther B. Davis, lives on R.D. 1, Dallas. He was graduated from the Lehman High School and entered the Army in November, 1942.

## Another Travelling Churchill...

# New WAR PRODUCT STOPS RUST...

## on Farm Machinery

We now offer farmers in this territory a new Sinclair product, developed to prevent rusting of Army equipment. It's Sinclair RUST-O-LENE B.

Applied by painting, or spraying in diluted form, RUST-O-LENE B covers metal with a tough film that resists cracking, peeling, slipping or being washed away, yet is easily removed with kerosene or gasoline. One application keeps metal parts from rusting for many months, even when they're outside. And when put on surfaces already rusted, RUST-O-LENE B prevents further rusting for a long period. You can apply it to wet surfaces, too. Available in 100-lb. drums and 25-lb. pails.
