Harvey Is Back From England

Spent 33 Months In 8th Air Force

M/Sgt. Wayne I. Harvey, son of Mr. and Mrs. Frank Harvey, Cemetery street, Dallas, landed in New York last Wednesday afternoon on the "Queen Mary," after serving 33 months with the Eighth Air Force in England. He reached home Sunday night at 12:30 for a 30-day leave, after which he will report to a camp in Kansas for further orders.

M/Sgt. Harvey's work was in radio and communications with the ground forces. He has more than enough points, 123, but since he has been in no combat he doesn't expect a discharge.

His brother, S 2/c Leonard Harvey, stationed at Brooklyn, N. Y., is also home for a short time.

Besides their two sons, Mr. and Mrs. Harvey have twelve nephews in service. There has been only one casualty in the family, Lt. Clifford Jones, who was killed in Germany in February. His mother, Mrs. Harvey's sister, Mrs. Ethel Jones of Syracuse, wife and infant son Roger, of Willows, Calif., are visiting Mr. and Mrs. Harvey. His brother, S 1/c Alson Jones, spent 30-day leave with his mother and aunt recently after six months in the South Pacific.

Edwin Nelson Much Improved

Emergency Operations Prove Successful

Pvt. Edwin "Bud" Nelson, son of Mr. and Mrs. Edwin Nelson of Parrish street, has recovered sufficiently following his emergency operation to be transferred from Stark Hospital, Charleston, S.C., to a hospital at Cambridge, Ohio. He writes his parents that he is feeling much better.

Pvt. Nelson, seriously wounded

in the abdomen after V-E Day in Italy, was coming to the States and apparently making satisfactory improvement when a hemorrhage began his last night on the ship. Doctors say his chance of recovery was one in a thousand, as it is almost impossible to stop such bleeding. Two emergency operations were performed and he is coming along fine.

Mr. and Mrs. Nelson, sons Jack and Bill and "Bud's" girl friend, Shirley Sanders of Trucksville, spent a week with him in Charleston, having been notified by the Army of his serious condition. They returned home June 17 after he was taken off the "critical" list. "Bud" expects to have another

operation in two months and to be in the hospital four months. After that, his family hopes he will come home for a while.

Entertains 4-H Club

Mrs. Daniel Meeker was hostess to members of the 4-H Club of Kunkle Friday evening. This was the second meeting of the group. Plans were discussed for a supper club during the summer when the girls will learn to cook, bake, and plan menus. Friday night Miss Nitzkowski demonstrated how to make muffins. At the next meeting the girls will learn how to bake cake.

ANNOUNCEMENT . . .

Having purchased the lumber and coal business formerly owned by Harry Still of Shavertown we will welcome all of Mr. Still's old customers and our many other friends to continue their valued patronage.

All orders for coal, lumber and building supplies will be filled as quickly as government restrictions permit. In the meantime, if you have a repair or building problem or need supplies of any kind, won't you drop in and talk with us. New WAR PRODUCT STOPS RUST...

on Farm Machinery

We now offer farmers in this territory a new Sinclair product, developed to prevent rusting of Army equipment. It's Sinclair RUST-O-LENE B.

Applied by painting, or spraying in diluted form, RUST-O-LENE B covers metal with a tough film that resists cracking, peeling, slipping or being washed away, yet is easily removed with kerosene or gasoline. One application keeps metal parts from rusting for many months, even when they're outside. And when put on surfaces already rusted, RUST-O-LENE B prevents further rusting for a long period. You can apply it to wet surfaces, too. Available in 100-lb. drums and 25-lb. pails.

How big is the job of beating the Jap?

No one knows. No one can say with certainty how big the job of licking him is—but this is how big the Jap is, this may give you an idea:

The Jap has a giant empire—Somehow we have always looked upon Japan as a small nation, a "little Island." But—the Japanese empire is vast, huge, the second largest in the world. It is nearly 5,000 miles long. It is over 3,000 miles wide. 400,000,000 people now live under Japanese rule—three times as many people as there are in the United States.

The Jap has a huge army—Japan can put in the field from 4,000,000 to 5,000,000 war-hardened fighters. 2,000,000 more can be quickly called. How many is six million soldiers? Three times as many as there were Germans fighting the allied armies in western Germany.

The Jap has ample resources—In their home islands and the vast territories the Japs have taken are all the things that Japan needs to conduct a long and vicious war. The figures on Japan's resources are startling—in many cases, greater than ours.

The Jap has great production—Japan's home islands are industrialized to an eye-widening degree. So are vast areas Japan has held for the past twenty years. The Japs are making new and improved planes. They are building ships, guns, tanks and munitions in huge numbers. Japanese workers work 16 hours a day, 7 days a week. The fiber of the Jap is tough stuff. How big is the job of beating him? No one can say. But this is how big the Jap is—this may give you an idea.

Says Admiral Halsey: "The Japanese are hard fighters. It will take all the force America can muster to beat them. The task may be long, how long no one can say. But we can say this: It can be shortened only if every American worker sticks to his job of backing American fighters. It will take the best every one of us can do to beat Japan."
