A period of more than twenty-one years has elapsed since the principal of said mortgage became due and payable, and no payment of either principal or interest has been made within twenty-one years.

The Petition to the Court now prays for a decree directing the Recorder of Deeds of Luzerne County to enter satisfaction of said mortgage upon the records of his office.

You are required to appear in said Court on January 14, 1946, at ten o'clock a. m. to answer said Petition and show cause why said decree should not be entered.

No gasoline, regardless of price, can match the

Incomparable Smoothness of

AND HERE'S THE REASON!

ALL gasolines (including Sunoco Dynafuel) are composed of "light" and "heavy" molecules. As the gasoline goes into the cylinders from the carburetor, some of the "heavy" molecules separate from the rest of the gasoline and go to certain cylinders which get most of the "heavy" molecules while other cylinders get mostly "light" molecules.

IN ORDINARY GASOLINE the "heavy" molecules are low in octane quality . . . but the "light" molecules are high octane . . . The cylinders receiving the low grade "heavy" molecules do not receive the same high knockless quality as other cylinders.

IN SUNOCO DYNAFUEL, all molecules, both "heavy" and "light" deliver equally high octane power . . . No matter whether a cylinder receives "light" or "heavy" molecules, that cylinder and all cylinders receive uniformly high knockless quality.

DYNAFUEL'S UNIFORM POWER IN EVERY CYLINDER GIVES YOU A SWEETER-RUNNING CAR

No extra-priced gasoline can excel its QUICK STARTING · FAST ACCELERATION · LONG MILEAGE UNIQUE SMOOTHNESS · HIGH KNOCKLESS POWER High-test performance without "high-test" price!
