

Memory Of Gallant Fox Terrier Will Be Perpetuated At Show

Among the silver-plated trophies to be awarded at the Back Mountain Kennel Club Dog Show Sunday at Kingston Armory is one—a large plain plate except for a gadroon edge—engraved with the following legend: "Best of Variety, Smooth-in loving memory of Bob Sawyer."

The trophy is being given by Mr. and Mrs. Charles H. Bliem, Hazleton, in memory of their smooth fox terrier who died in a hospital in Garden City, Long Island, last summer where the Bliems had taken him for treatment of what proved to be an incurable throat ailment.

"Bob Sawyer" will be remembered as the terrier awarded "best in show" at the Back Mountain Kennel Club's first sanction match at Irem Temple Country Club on June 3, 1945, and it is especially fitting that the memorial trophy will be offered for the dog named "best smooth fox terrier" at the Club's first point show.

Bob Sawyer was a gallant dog and packed a wealth of experience in his short life. He was imported from England shortly before the United States entered the war by James Austin, president of the American Fox Terrier Club. On the way over Bob's ship was torpedoed. Sailors

loaded Bob along with other human survivors in an open lifeboat and there they spent several days together on the open sea with Bob as good a sport and morale builder as any other passenger in the boat.

Later he was shown under Mr. Austin's ownership for well over a year and used with considerable success in the stud before he was purchased by Mr. Bliem. It was Mr. Austin who offered the Bliems a final resting place for the body of their beloved pet. Bob Sawyer now lies in Mr. Austin's private canine cemetery at "Catawba Farms," Mr. Austin's Long Island Estate at Old Westbury.

The Bliems count themselves fortunate in owning one of Bob Sawyer's sons, born to "Hope Of Merricourt" on the day his daddy was awarded best of show at Irem Temple Country Club, and "Sonny Jim Sawyer" is doing his best to fill his father's place in the Bliem's affections.

It is also interesting that "Hope of Merricourt" is owned by Mrs. Louis McL. Cottle of Shavertown; and so the memory of Bob Sawyer and his rollicking son hold a firm spot in the affections of all members of Back Mountain Kennel Club.

Famous U. S. Band Which Will Appear At Armory

High School Bands Will Be Guests Of Shrine Club At Marine Concert

Harry S. Truman, President of the United States, has approved permission for the famous U. S. Marine Band—"the President's own"—to make a public concert tour this fall.

Only a limited leave could be given the band from its official duties and Wyoming Valley is one of the few localities to have the privilege of seeing and hearing the famous military-musical organization. The appearance here is being sponsored by the Shrine Club of Greater Wilkes-Barre. Two concerts will be played in 109th Field Artillery Armory, beginning at 2 P. M. and 8 P. M., respectively. Tickets are on sale in Dallas at Titman's store and Irem Temple Country Club.

The oldest military band in the United States, the Marine Band has played to enthusiastic, record-breaking audiences on all its previous tours which have taken it to every state in the Union.

Since its last tour, five years ago, the band has retained its place as favorite of millions of radio listeners who will be eager to see as well as hear the organization which has topped almost every radio poll in its class.

One of the most popular and colorful organizations in existence today, the U. S. Marine Band, through

its concerts, has also a definite educational value and is a potent agency for promoting patriotic pride.

The afternoon concert is for students. The sixteen high school bands of this area will be guests of the Shrine Club of Greater Wilkes-Barre, and all students having a 25 cent ticket will be excused from school for the concert. Student tickets are now on sale at all high schools in this area for the afternoon concert only. All profits from the concerts will go to the Shrine Club's charity fund.

WHEN Potash TELLS ITS STORY

AFTER the crops are harvested and a check-up of their yield and quality is made, the story of potash is told. Good yield of high quality mean that soil and fertilizer supplied enough of this necessary plant food. Low yields and poor quality may have been due to lack of potash. Now is the time to review your fertilizer program and start making your plans for the next growing season. Have you had your soils tested? If not, ask your official agricultural adviser about such tests to see how much available potash they contain. He also can tell you how much your soil and fertilizer must supply for the crops you intend to plant next year.

Write us for free information and literature on the profitable fertilization of crops.
