A JOINT RESOLUTION Proposing an amendment to article nine, section eight of the Constitution of the Commonwealth of Pennsylvania.

The General Assembly of the Common-wealth of Pennsylvania hereby resolves as follows:

Section 1. The following amendment to the Constitution of the Commonwealth of Pennsylvania be and the same is hereby proposed in accordance with the eighteenth article thereof:—

The article nine, section eight of the Constitution of Pennsylvania is hereby amended to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, nor shall any such county, municipality or district incur any debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed value of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. The debt of the city of Philadelphia may be increased in such amount that the total debt of said city shall not exceed twelve and one-half (12 1/2) per centum of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but said city shall not increase its indebtedness to an amount exceeding two and one-half (2 1/2) per centum upon such average assessed valuation of realty without the consent of the electors thereof at a public election in such manner as shall be provided by law. No debt shall be incurred by, or on behalf of, the county of Philadel-phia; and within such county, only the city of Philadelphia and the school district of Philadelphia shall have power to incur debt.

The method of determining such amount, so to be deducted, shall be as now prescribed, or which may hereafter be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking fund sufficient to retire said obligations at their maturity, the payment of such sinking fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction, or improvement, of land works or utilities of any character, from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking fund charges accruing and which may accrue thereon throughout the period of con-struction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be re-quired to levy a tax to pay said interest and sinking fund charges as required by section ten of this article until the expira-tion of said period of one year after the completion of said work.
