Entire first floor area in the Gies Hall will be completely revamped in order to provide the best facilities for instruction in the School of Music.

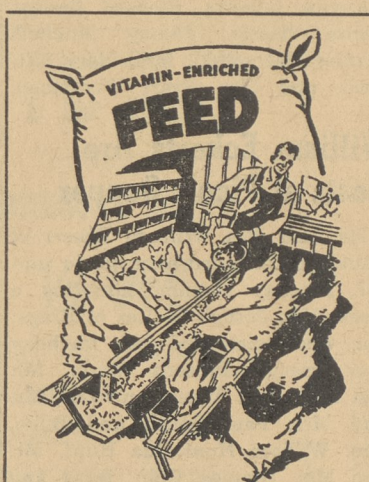

Dr. Farley also announced that seven studios and practice rooms will be available for music students when classes resume for the Fall semester in September.

Expanded facilities will enable Wilkes College to enroll additional music students in the coming months, it was explained.

He explained that the School of Music at Wilkes College has a two-fold purpose in developing musical skills and contributing to the cultural background which is the foundation of a liberal college education.

The School of Music provides competent instruction in several branches of applied music and offers courses which enables a Liberal Arts student to receive basic training in theoretical subjects while concentrating in other fields.

In addition to the complete two-year course now offered by the Wilkes College School of Music, a four-year program is in preparation and will be added to the curriculum as soon as necessary arrangements are completed.

Firemen Announce Old-Fashioned Social

Jackson Township Volunteer Fire Department will hold an ice cream social at Norris' Glen, Thursday evening, August 5th from 7 to 10. Home made ice cream and cake, coffee and soda will be served by the firemen. A "Guess Cake" baked by Mrs. Edward Kropp will be the featured attraction of the evening. Five cents will be charged for each guess. With Gert Kropp secluding the unknown article, every one will have to sharpen his wits as the article hidden in the cake may be anything from a mustard seed to the Brooklyn bridge.

It is expected that Harold Bertram and Louis Wilcox will compete for the honors of eating the most ice cream. They will start the contest with a gallon freezer of their favorite ice cream.
