FARM TOPICS

Adjust Milk Production—Records show that cows freshening during the fall months make their owners more profit than cows freshening at any other time of the year. Cows bred during the winter will freshen at the right time to get the best results.

Clip Wheat Stubble—Where wheat is harvested with the combine it is best to clip the high stubble and remove both straw and stubble for use as bedding. High stubble will shade the clover and alfalfa too much if not cut.

Control Bean Mildew—Sprays of 2 pounds of actual copper in 100 gallons of water or 8-8-100 Bordeaux, or a 20-80 copper-lime dust containing 7 per cent metallic copper will control downy mildew on lima beans.

Apply Nitrogen—If defoliation from lack of nitrogen becomes serious on sour cherry trees, application of 150 to 200 pounds of nitrogen fertilizer per acre may prevent possible injury.

Avoid Corn Injury—Too much 2,4-D applied in corn fields has made corn brittle and subject to breakage from storms or during cultivation.

Control Flies—A 50 per cent DDT wettable powder may be used at the rate of 1 pound in 10 gallons of water to spray cattle for the control of flies.

Group To Investigate Increased Water Rate

Appreciating the improved service which Dallas and Shavertown Water Companies have given this area, but questioning whether a 22 to 25-per cent rate increase is justified, a group of local citizens will next week petition the Water Company to present a more complete statement of reasons for increased rates than the simple notice that was this week mailed to all consumers by the company. Spokesmen for the group said that they were unable to form a reasonable opinion on increased rates with the information they now have at hand.

Silverblatt Tells Rotarians Need Of Red Feather Agencies Is Great

Attorney Arthur Silverblatt, chairman of press relations for the 1948 Community Chest Campaign, addressed members of Dallas Rotary Club at Irem Temple Country Club last week.

The speaker was introduced by Meade McMillen.

Attorney Silverblatt gave an insight into the workings of the 32 Red Feather agencies which go to make up the Community Chest. He said the goal for contributions has remained static for years, but with inflationary conditions, Chest officials will be compelled to fix a goal 60 or 80% above last year's which was \$500,000, not enough to meet the requirements of the member agencies. Many of them are now operating with deficits that will only be overcome by increased contributions from the public.

The speaker also emphasized the importance of providing care for those unfortunate who need assistance from the various agencies. "It is the American way and the Democratic way to provide generously for our less fortunate citizens."

Attorney Silverblatt added that it is the desire of Chest officers to incorporate all worthy agencies in Wyoming Valley into one great federation of agencies, and to make one appeal each year instead of several appeals by independent agencies.

Prior to Mr. Silverblatt's talk, a business session was conducted under direction of the club president, Charles W. Lee. Mr. Lee heard committee reports from Jack Richardson, who gave information with regards to the Rotary Club sign on the highway coming out of Luzerne, and from Dan Robinhold who is making arrangements for a club outing on August 2. Members also voted to accept the invitation of Wyoming Rotary Club to meet with them in joint session at the Country Club on August 19.

Mr. Lee appointed the following committee: Meade McMillen, chairman; David Williams, James Be-

cker, Charles Brooks and Donald J. Evans. Each committee member will be responsible for arranging his share of weekly programs.

ALL-STARS LOSE

July 28, 1948

Editor The Post:

By Kitchen manager of St. Paul's Lutheran Churches soft ball team has been going around with a big smile all week. His team won a very close decision over Tom Hontz All Star Team of Shavertown. The All Stars gave the Lutheran's everything but the bases and still they only managed to nose through a victory.

Wally Gosart who pitched for the Lutheran's ran out on the All Stars and went over to By Kitchen's team and By was certainly lucky to get a win even at that as he had the Umpire and the while crowd with him. A week Monday night will be a different story.

The feature of the game was the all star playing with Brad Kitchen in right field catching almost impossible catches, and the superb playing of Charles Gosart on first base.

The game was very fast with only three errors and four hits. Tom Hontz

OUR DEMOCRACY—by Mat

"Isn't Our Democracy really a Republic?" — A QUESTION OCCASIONALLY ASKED BY OUR READERS.

We the People of the United States in order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do hereby constitute and establish this Constitution for the United States of America.

Article I IN FORM, THE UNITED STATES, UNDER OUR CONSTITUTION, IS A REPUBLIC, BECAUSE THE PEOPLE GOVERN THROUGH THEIR ELECTED REPRESENTATIVES.

DEMOCRACY AT WORK IN THE TOWN MEETING, DATING FROM COLONIAL DAYS.

IN PRINCIPLE, THE UNITED STATES IS A DEMOCRACY, BECAUSE ALL OUR PEOPLE HAVE A VOICE IN GOVERNMENT.

THIS BROAD BASE OF UNIVERSAL SUFFRAGE ON WHICH OUR REPRESENTATIVE GOVERNMENT RESTS—OUR FREEDOM TO CHOOSE WHOM WE WANT TO REPRESENT US, SELECTING FROM A NUMBER OF CANDIDATES RATHER THAN RATIFYING A HAND-PICKED LIST—THE SAFEGUARDING OF OUR RIGHT TO VOTE AS INDIVIDUALS, BY SECRET BALLOT, DISTINGUISH US BEFORE ALL THE WORLD AS—

A TRULY REPRESENTATIVE REPUBLIC— A TRUE DEMOCRACY
