## RADIO NEWS

### TELEVISION

When ? ? That is the question The very latest official information on the subject seems to indicate that this area may see the next years World Series games via television. Why this long? The FCC (Federal Communications Commission) discontinued issuing new TV licenses until after a complete study of frequency assignments is completed. It is estimated that this study will be completed in early spring and that new licenses will be considered then.

### RECORD PLAYERS

There is hardly a record player of recent years that should go over a 1 year period without a check-up. Lubrication alone is sufficient reason to warrant this checkup. AND THERE MAY BE TROUBLES WHICH CAN BE CORRECTED WHICH WOULD REDUCE RECORD WEAR OR IMPROVE THE TONE QUALITY.

Let us check up that record player for you now, before XMAS, so that you may enjoy those Christmas carols you love so much.

Satisfaction Guaranteed.
