STORE TALK

"BENDIX" has recently announced and delivered a startling new automatic washer at the unheard of low price of \$179.95. A rather unusual type of mechanism enables it to wash, rinse, and damp dry the clothes without complicated spinning equipment. Many local ladies have already been in and expressed their approval. Why not see this amazing machine?

Good white paint at \$3.95. Now that we are getting plenty of "Moore's", we want to clear our stock of other brands which accumulated during the post-war period. We recommend "Radar Outside White" as an excellent paint—a bargain at \$3.95.

Visiting ladies tell us that our display of 40 patterns of linoleum is the best selection to be found in many a mile. Leo just finished a slick tile job for Mrs. "Harl" Crawford of Meshoppen.

Much has been said about "when and how" to spray for sap beetles, tomato blight, bean beetles, etc., but if you want to be sure, visit our display of "Sherwin-Williams" products and we promise you will be well informed and properly equipped.

A big part of haying is to keep the hay dry and we can still supply you with just about anything you need—manila rope, forks, hoists, etc. Just now we have a good used tedders and push rakes. Give us a call when haying gets serious.

Damp hay or grain can't spoil, if you throw in a handful of "Keep Mix" Powder now and then. It does not effect the taste of hay or germination of stored grain. It will pay you to investigate "Keep Mix".

Make your vacation the best ever, with a visit to our sports department. We can supply you with the best in fishing tackle and picnic items. Check here for a good time.

Values Below Rest of State

Will Effect School Subsidies in County

Special to The Dallas Post Harrisburg—(PNS)—The market value of taxable real property of the 73 school districts of Luzerne County has been set at \$724,036,133 by the State Tax Equalization Board, which said that actual assessed valuation of this taxable real property amounts to \$255,490,891—or 35.2 per cent of the market value.

In contrast, the average percentage of market value throughout the state is 38.9 per cent. These certifications have been forwarded by the Board to the Luzerne County Commissioners, the Chief Assessor and the Chief Clerk.

The Board noted that: "These market values will be used for the first time by the State Superintendent of Public Instruction for the determination and appointment of Commonwealth subsidies to be paid to the school district for the school year 1949-1950, that is, payments made during 1950-1951."
