FOOD FREEZING DEMONSTRATION HERE JULY 27, 8 P. M. Biggest blowout since July 4th. The star performers will be Frigidaire and Esco freezers. Miss Byrne of Towanda will entertain—you'll want to be here.

We especially invite all local users of "Frigidaire Freezers"—incidentally, there will be some valuable door prizes and it's rumored that 50 pounds of frozen food will go with any freezer bought on that date.

We're in line with supplies for canning and freezing. 7 quart enameled "ColPac" canners sell like hot cakes at \$1.95. Jar caps, rubbers, wrenches, freezer cartons, and jars are on hand. If you have something to can, let us help you lay it away.

It's too late to spray when the blight has hit your tomatoes, grapes, cucumbers and potatoes. Why not prevent it by using spray or dust now? We can supply you with the right ammunition pronto!

Who needs a thresher? "Pop Gay" says we have two good buys in used steel machines fully equipped with bagger, feeder and wind stacker.

At last! Oil heat at a price you can afford. \$150.00 now buys a DELCO BURNER complete with controls. You know "Delco"—"a General Motors product", backed by our own guarantee of satisfaction. Why not let us survey your heat problem now at no cost. We're ready to do it now.

**Just what you need FOR FASTER, EASIER HAY MAKING**

● Every farmer likes to get his hay in while the weather is right... here is the mower to help you do it. This mower can be attached to the Ford Tractor in eight minutes and a lot of hay mowed by dinner time. Can be detached just as quickly for switching to other equipment.

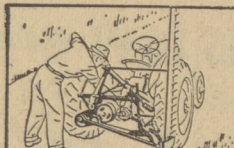

The speed of the new Ford Tractor and the improved, short-turning brakes, make a big mowing job nothing to worry about. And this mower is built to stand the gaff... has a steel pitman and roller bearings.

With Ford Hydraulic Touch Control the cutter bar is easily lifted over stumps, stones or other obstructions... no pulling on mower levers or ropes. If an obstruction is hit, the bar swings backward and the sickle stops automatically, preventing damage... Backing slightly and then going forward resets the bar for use. Ask us for a demonstration.
