

**Care of Cemetery Is Summer Project of MYF**

M.Y.F. of Trucksville Methodist Church did a fine job this summer cutting and taking care of the old cemetery near the Little White Church on the Hill and resetting the monuments. They were directed by Miss Doris Henning.

Inspired by their hard work and enthusiasm, township supervisors are now leveling the section. Any one wishing to have a share in this worthwhile project, should contact Rev. Robert Webster.

**Church Workers To Meet Here**

**Dallas Church Host In Late October**

During the month of October, the Wyoming Conference (Methodist Church) will sponsor a series of Sub-District Workers' Conferences for all Church School officers and teachers in all of the Sub-Districts of the Conference. Twenty of these will be held in the Conference. The meeting for the Back Mountain Area will be held at Dallas on Friday, October 28.

The main emphasis will be to show the part that the Church School will play in Methodism's four year program known as "The Advance for Christ and His Church".

The meetings will all start at 8:00 in the evening with devotions led by the host Pastor. The District Superintendent of the District and the Executive Secretary of the Wyoming Conference Board of Education will each give addresses. Following these addresses will be group of meetings. The District Superintendent will meet with the Pastors; the Executive Secretary of the Conference Board of Education will meet with the General Superintendents of the Church Schools and the Sub-District Directors will meet with the Children's, Youth, and Adult Workers.

**To My Friends and Neighbors of the Back Mountain Area...**

It is with deep pride and humble gratitude that I am privileged to announce to you the plans for the World Premiere Showing of the motion picture, "Pocono". The time; week starting October 7,—the place; Irem Temple Theatre on North Franklin Street, Wilkes-Barre; the sponsor; Junior Chamber of Commerce of Wyoming Valley.

My gratitude stems from the fact that you, my neighbors, helped to make this picture possible. Your cooperation has been inspirational. The willingness to give your time, as well as the use of your homes, facilities and treasured possessions have all contributed immeasurably in making this film a living, breathing thing of beauty which, I believe, will not only be remembered by all who see it but will reach to the hearts of all America where ever it is shown. I hope it will also carry the message of clean, wholesome living which so typifies our environment here in the Back Mountain.

The making of "Pocono" has been a long, arduous task embracing three years of painstaking production. This World Premiere Showing is the supreme test which the product of this effort must pass. "Pocono" must entertain, it must please, it must impress its audience to the extent that it will be recommended to others. You will sit as judge and jurors at its trial. The few who have seen it are singing its praises but you must judge for yourself. "Pocono" is in fact the most pretentious feature length movie ever attempted in 16mm Kodachrome and was produced without the benefit of Hollywood studio facilities. It will be shown on a full size theatre screen offering 90 minutes of music, laughter and tears in all the glorious colors of the Back Mountain scene through spring, summer, autumn and winter. It has an absorbing story built around the lives of real people and the many local residents appearing in supporting roles will surprise you with the professional quality of their performances. The great Irem Horse Show of 1948 and thousands of the people attending will be seen in an exciting sequence of the story. We again say thanks for your aid in making "Pocono". We hope you'll like what you see and that you will urge your friends and neighbors to attend.

Sincerely,  
Joe E. Elicker  
Pioneer Ave., Dallas
