STATE POLICE SAY:

Don't pick up hitch-hikers, it's one of the most dangerous things you can do! He may be a robber or even a killer on the loose looking for an easy victim. Many good Samaritans have not lived their full lives because of these innocent looking hikers.

DO YOU KNOW?

SOAK THE RICH

Father, must I go out to work?
No! No! my darling son
We're living now on Easy Street
With funds from Washington.

We're cared for now by Uncle Sam
So don't get exercised.
We do not need to care a damn
Because we're subsidized.

But if he's going to treat us well
And give us milk and honey,
Please tell me, truly, where the hell
He's going to get the money.

Don't worry child there is no hitch
About this glorious plan
He'll get the money from the rich
To help the common man.

But, father, won't there come a time

If we take all their cash
And they are left without a dime
When things will go to smash?

You need a lot of seasoning
You nosy little brat,
You do too damn much reasoning
To be a Democrat!

What our government is doing
is not only "Soaking the Rich",
but "Everybody in Every Way."

If they don't come to their senses
in Washington this country is a
"Dead Duck."

We had 10,000 of these printed
and are mailing them out as
stuffers hoping they will get a few
people thinking, talking and acting
about what our great (?) leaders
are doing to us.

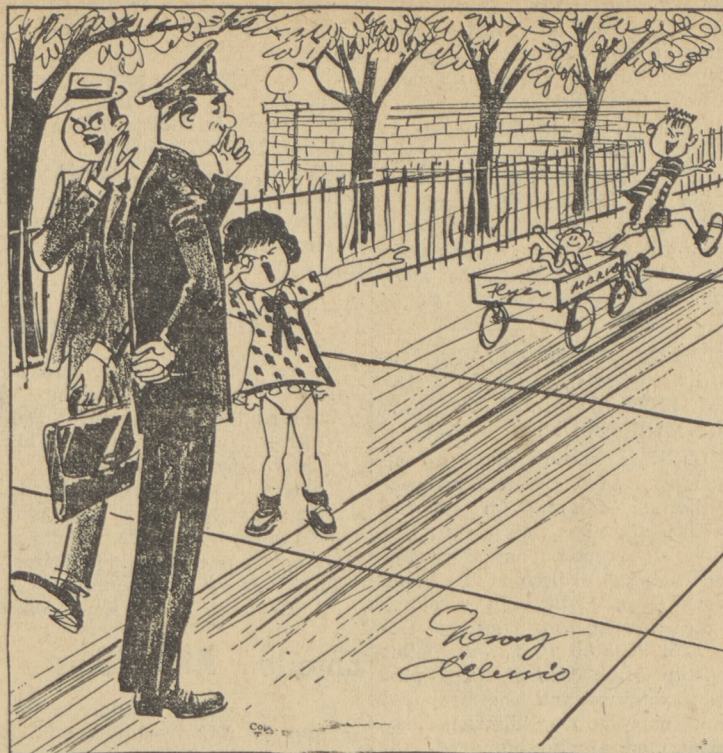

Why don't you do the same. It
might help a little.

Twenty-Five States Have Rejected; Seventeen Approved Soldier Bonus

Harrisburg, October 13—Action of some kind on a World War II bonus proposal already has been taken by all except three states, the Pennsylvania State Chamber of Commerce reported today in its third weekly release on the Pennsylvania veterans' bonus question which will be voted on by the people on November 8.

Of the 45 states that have con-

taxes involved and the number of states imposing each type are summarized as follows:

Property Tax, 6 states; Cigarettes, 5 states; Alcoholic Beverages, 4 states; General Sales, 2 states; Personal Income, 2 states; Corporate Income, 2 states; Gross Income, 1 state; Pari-mutuel, 1 state; Per Capita, 1 state; Mining, 1 state; Motor Vehicles, 1 state;

The above map, reproduced from the latest leaflet in the Pennsylvania State Chamber of Commerce series dealing with Pennsylvania's proposed Veterans' Bonus, identifies the 17 states that have approved a World War II bonus proposal, the 25 states that have re-

jected bonus plans either in the legislature or by public vote, and the three states (including Pennsylvania) where referenda are now pending. In only three states has a bonus proposal not been considered up to this time.

considered a bonus, 17 have authorized or paid a bonus, 25 have rejected the proposal either by popular vote or legislative action, and three states have a referendum pending. The 17th state to authorize a bonus was Delaware, whose legislature adopted a plan after the State Chamber's current release was in print.

Today's release, which is one of a series of question-and-answer leaflets being issued by the State Chamber in advance of the November election, deals principally with bonus developments in other states. The State Chamber is taking a neutral position on the half-billion-dollar Pennsylvania bonus proposal and is issuing its leaflets in the interests of an informed vote by the people.

"Thus far, bonus proposals have been turned down in 25 states," the current leaflet points out. "In five (of these) states, a bonus was defeated by referendum vote, while in 20 states bonus bills failed to receive favorable action by the legislature." Of the 17 states that have approved bonus payments, 13 did so by vote of the people and four of legislative action not requiring direct approval by the voters.

Twelve different kinds of taxes are being levied to finance bonus payments in the states that have adopted a bonus. "In some states two or more of these taxes have been imposed or authorized," the leaflet points out. The types of
