terested in where I've been; they should be interested that I'm still alive."

Her husband, who died in 1933, was a farmer "and a good one" but left his early farm and moved with Mrs. DeWolfe to Dallas thirty-eight years ago.

Mrs. DeWolfe is proud that she does her housework well and in the summertime cuts the lawn. There are three children, all living; Ruth DeWolfe, Dallas, Mrs. Mable Davenport, Pottstown and Olin DeWolfe, Washington. She has two grandchildren; Robert DeWolfe and Virginia Davenport.

Mrs. Morgan Wilcox, 80, was born in Jackson Township, moved to Wilkes-Barre when she was four and has lived in Dallas twenty-seven years. At present, she states, she has the enjoyable company of Mr. and Mrs. Walter King, who live with her, while her other most pleasant occupation is reading.

Her late husband, Morgan, spent many years in the lumber business and real estate in Wilkes-Barre and Dallas. He was a member of Dallas Borough Council. Mrs. Wilcox takes pride in recalling that Morgan was an All-American football player at Syracuse University.

After graduation, he toured Europe on a bicycle.

Mrs. Wilcox has one daughter, Mrs. William Lynch, of Harrisburg, and two grandchildren. The granddaughter is a buyer in New York City and the grandson is in the oil business in California.

Mrs. Mary V. Rohrbach, 82, was born in Dorrance Township moving with her parents, when a small child, to York, Pa. Here she met Mr. Rohrbach, a foreman machinist; they went to New Jersey and were married. Mr. Rohrbach served with his company at York for sixty-one years.

Mrs. Rohrbach lived in York fifty years, moved to Dallas and has resided here for the past six years with her daughter-in-law, the present Mrs. Henry Kraybill. Mrs. Kraybill was the wife of Mrs. Rohrbach's son, Walter, now deceased.

Mrs. Rohrbach spends her time at sewing, mending and housework. She feels unable to attend church which, she states, is her greatest disappointment.

**NEW LIFE THE OLD RA**

Your radio has probably taken a beating in the years. You may not realize how worn out, run down, how weak it is.

We can probably put new life in your faithful old radio by testing and repairing and perhaps by adding tubes. We recommend TOL VIBRATION-TEST RADIO TUBES.
