Marcus; Our Summer with the Eskimos, Helmericks; The Fortunate Islands, Karig; Civilization on Trial, Toynebe; Father Flanagan of Boys Town, Ousler.

## Reinfurt on Committee

Rev. Frederick W. Reinfurt, pastor of Dallas Methodist Church, is a member of the Dickinson College development program committee which opens a drive in this area this week.

Dickinson, liberal arts college in Carlisle, launched the development program at its 175th anniversary celebration to raise \$750,000 for a new dormitory for women and additional endowment. More than \$460,000 has been subscribed.

## INSURANCE NOTES

Would You Pay \$3. To Save \$1000.?

"CONTENTS" FIRE INSURANCE

Whether you own only household furnishings, or whether you have a business with stock and fixtures, two recent fires in the Back Mountain Area should have proved to you the value of having sufficient Fire Insurance.

With recent reductions, approximating 25% lower Fire Insurance rates on household furnishings and personal belongings, there is no reason for you to go without sufficient protection against loss.

Here are my rates for household furnishings located in a frame dwelling with an approved roof:

1. Dallas, within 600 feet of Public Fire Hydrant, \$2.30 per \$1,000 annually, 2 1/2 times this for 3 year term.
2. Area adjoining Dallas within 600 feet of Public Fire Hydrant, \$2.90 per \$1,000 annually, 2 1/2 times this for 3 year term.
3. Unprotected areas (not farms), \$3.00 per \$1,000 annually, 2 1/2 times this for 3 year term.

Minimum Premium \$7.50

## PLOW MASTER

Smooth, abundant power! That's what the new Oliver "77" delivers!

Thorough soil pulverization! That's the result when you use the Oliver Plow Master and its exclusive Raydex bottoms with shares so low in cost you can throw them away when they get dull.

The new farm features of the Oliver "77" make this famous tractor more versatile and economical than ever to own. Its steady 6-cylinder engine and 6-forward-speed transmission give you nearly any ground travel and drawbar pull combination you need.

You have a choice of three engines: one for gasoline, one for tractor fuel—and a diesel, a specially designed, farm-engineered engine that will be available later. Also, you have a choice of interchangeable cast iron or stamped steel wheels for Row Crop Models to suit your traction conditions. What's more, every mounted tool is basically interchangeable with every other new Row Crop tractor. When you add the direct drive power take-off of the "77", metered oil system, battery ignition and the several other new improvements, you'll realize why the "77" is truly a farmer's tractor.
