Fire Damages Loucks Home

Firemen Praised For Handling Of Blaze

Fire originating around a Christmas tree while the family were having dinner at Benton Hotel on Monday afternoon caused \$1,000 damage to the home of Mr. and Mrs. Jack Loucks of Terrace Drive. Damage was confined to a living room, but all of the children's Christmas toys were destroyed and all of the rooms were badly smoke damaged.

Dr. Henry M. Laing Fire Company did a bang-up job of extinguishing the blaze which was discovered by Judy Robinhold and Eileen Ferry as they were passing by. The girls called Mr. and Mrs. L. L. Richardson and Mrs. Richardson notified the fire company while Mr. Richardson ran to investigate.

Hundreds of spectators quickly collected as soon as the alarm sounded. Firemen had difficulty at first locating the source of the fire because of dense smoke that filled the house. After breaking open a door they crawled along the floors wearing smoke masks until they found the flames in the living room.

They used as little water as possible in order to hold down damage and after extinguishing the blaze which gutted the room, cleaned it of debris and mopped floors.

Chief Besecker had some difficulty in keeping the curious from traipsing through the house, but was commended by everybody for the way he handled the work.

Chief Besecker said the company has certain firemen designated as police and that the public should respect their orders at all fires.

He also asked those who go to fires as spectators not to follow the truck too closely as there is danger that some person or piece of equipment may fall off the truck into the path of following cars.

Mr. and Mrs. Loucks and family are now living at Irem Temple Country Club until their home can be restored.

Mrs. Loucks mother, Mrs. Louise Davies, who resides with them, left Sunday morning to visit a son and daughter-in-law, Mr. and Mrs. Everett Davies of Cleveland.

Death Follows Year's Illness

New OLIVER "77"

and the

PLOW MASTER

Smooth, abundant power! That's what the new Oliver "77" delivers!

Thorough soil pulverization! That's the result when you use the Oliver Plow Master and its exclusive Raydex bottoms with shares so low in cost you can throw them away when they get dull.

The new farm features of the Oliver "77" make this famous tractor more versatile and economical than ever to own. Its steady 6-cylinder engine and 6-forward-speed transmission give you nearly any ground travel and drawbar pull combination you need.

You have a choice of three engines: one for gasoline, one for tractor fuel—and a diesel, a specially designed, farm-engineered engine that will be available later. Also, you have a choice of interchangeable cast iron or stamped steel wheels for Row Crop Models to suit your traction conditions. What's more, every mounted tool is basically interchangeable with every other new Row Crop tractor. When you add the direct drive power take-off of the "77", metered oil system, battery ignition and the several other new improvements, you'll realize why the "77" is truly a farmer's tractor.

Six Back Mountain High School League Teams Open Season Tonight

Six of seven teams will see action in the Back Mountain High School League tonight. All of the squads have had extensive practice and a host of pre-season exhibition games while getting in trim for league play.

Fairview, last year's champions, opens at home against Dallas Borough. The Mountain Toppers have little hope of repeating last year's stint for they have lost, through injuries or graduation, a number of last year's league leading squad including Gene Strauss and Charles Frankenfeld. Dallas Borough is pretty much of a dark horse with five new courtmen replacing last year's all-senior five. However, the Blue and Gold cagers have improved steadily since their first workouts and with junior center Jack Pizarro to add height the Borough might well become dangerous after a few games.

K. T. Visits Harter

Kingston Township visits Harter in what may well be a preview of this year's pennant finale. Both teams are rated hot contenders for the pennant with Harter having the slight edge on experience, and this may make the difference, height and the sharpshooting of McKeown and Crawford. The Katies will rely on a uniformly rangy quintet with Shawn Richards, only member of last year's all-star team returning to league play, and Jack Pesavento as a deadly scoring duo.

Dallas Twp. Host to Lake

Dallas Township is host to Laketon in a battle for the cellar. Both outfits are rebuilding and as a consequence are weak. Dallas Township rates the nod on the basis of superior height although the Lakers have shown up well in pre-season play. Johnny Roberts is the only member of last year's varsity returning for the Redskins, while Laketon will have the core of last year's first ten, headed by Searfoss.

Lehman, idle during the league opens, is the third team in the race for the title. The Scotties are due for a high spot this year. All of last year's varsity has returned, headed by Art Nuss, high scoring forward. The league stacks up into three major segments—top, middle and bottom. Harter, Lehman and Kingston Township are in the top bracket. All three have the necessary ingredients for a championship team—scoring punch, height, and court savvy. A few good breaks

for any one of the three should place it on top. Harter has the edge at present, but as the season progresses, the other two will catch up.

In the middle bracket are Fairview and Dallas Borough. Both have pretty good squads, but seem to lack the necessary punch to bring home the pennant. Mostly they lack a consistent scorer and the needed experience. On the bottom it looks like Laketon and Dallas Township for the second straight year.
