"Estate of John H. Lance, deceased, late of Jackson Township, Luzerne County, Pa. All creditors make claims to, and all debtors make payments to, George Loveland, Administrator d.b.n. c.t.a., 1111 Miners Bank Building, Wilkes-Barre, Pa."

Notice is hereby given to the taxpayers of Lake Township. That the annual budget for Lake Township road purposes has been prepared and will be open for inspection for 20 days at the home of the secretary at Harvey's Lake. Peter Delaney, Secretary

NOTICE is hereby given that the Board of Supervisors of the Township of Lake, Luzerne County, Pennsylvania, on February 11, 1950, duly enacted an ordinance entitled: "AN ORDINANCE

to authorize and direct the issuance of General Obligation Bonds of the Township of Lake, Luzerne County, Pennsylvania, in the maximum amount of fifty-five hundred dollars (\$55,000.00) for the purpose of providing funds for and toward the cost of the purchase of road machinery, approving the form of bond and coupon; providing for the rate of interest on said Bonds and fixing the maturity dates thereof; stating the estimated period of usefulness of the improvements for which said bonds are to be issued; providing for the assessment, levy and collection of a tax to pay the interest covenanted to be paid thereon and the principal thereof at maturity; establishing a sinking fund; directing Walter Hoover and Peter Delaney being respectively the president and secretary-treasurer of the Board of Supervisors of the township of Lake, to prepare, verify and file the required statement; and authorizing and directing the secretary-treasurer to certify and file with the Department of Internal Affairs certified copies of the necessary proceedings."

The following is a summary of said ordinance: The preamble recited the fact that the net electoral and non-electoral debt of the Township of Lake, including the debt to be incurred, did not exceed the constitutional limits.

Section 1 authorized the issuance of the bonds in the amount of \$55,000.00 for the purpose of providing funds for and toward the cost of purchasing road machinery. Section 2 described the type of bond to be issued, denomination, numbers, debt and interest rate. Section 3 described the maturities of the bonds. Section 4 recited the period of usefulness of the Road Machinery for which said bonds are to be issued. Section 5 provided that the bonds should be free of present or future state tax. Section 6 provided for the method of execution of the bonds. Section 7 provided for the form of bond, the form of coupon, and the form of endorsement. Section 8 provided for the pledge of the full faith and credit of the Township of Lake for the payment of principal of the bonds and the interest and taxes accruing thereon. Section 9 provided for the levy of a tax sufficient to pay the principal of the bonds and made an appropriation from the general fund of the Township to meet the interest for twelve months and for the payment of \$2,000.00 principal due January 1, 1951, occurring before the collection of the tax. Section 10 provided for the establishment of the sinking fund. Section 11

Orchard Street Has No Water

Residents of Trucksville who were encouraged to believe that they would have better water supply with a change of ownership of the Trucksville Water Company have had their hopes dashed. For several days residents of the Orchard Street section have been without any water. Many of them seldom have water on the second floor.

One consumer who has lived there for thirty-two years said yesterday that there has hardly been a month in that time when she could depend upon the water supply and that it is now worse than ever.

The consumers have found it impossible to get any satisfaction from the owners or their employees. Another consumer said the situation looks hopeless. Pipes are corroded, pumps worn out and it looks as though nobody wants to spend any money to correct it. Most consumers think that the best remedy is to refuse to pay any water rent for the days they are without service. Most of them have to buy bottled drinking water, anyway.

Past District Governor David Richards spoke at the organization of Lions' Clubs at the election meeting of Harvey's Lake Lions Club at Brookshire's Harvey's Lake Hotel on Wednesday night.

The club now has a membership of thirty-five with fifteen more names on the approved list. It had been originally planned to limit the membership to thirty-five.

Officers elected were: Calvin McHose, president; Dean Shaver, secretary; Joe McCaffery, treasurer; Sheldon Cave, first vice president; H. S. Donnelly, second vice president; James O'Connell, third vice president; David Geraghty, tail twister; Thomas Garrity, Lion tamer; Herman Kern, song leader; directors for two years, Alfred Runstall and Andrew Kizis; directors for one year, Jim Huston and Walbridge Leinthal.

The next meeting will be at Brookshire's Harvey's Lake Hotel on Wednesday, February 22, and thereafter on every other Wednesday night.

Dinner will be at 7:30.

GAME NEWS

Fur Seasons

The period for taking raccoons, by either hunting or trapping, as well as that for muskrats and skunks, ended February 1.

Beavers may be taken by trapping only, beginning 7:00 a.m. February 15 and ending noon March 1, in counties declared open, except in dams which have been posted by the Game Commission. Counties closed are: Allegheny, Beaver, Fayette, Green, Indiana, Somerset, Washington, and Westmoreland.

Reassignments

Pennsylvania Game Commission has announced changes affecting field personnel effective February 1. Some were made at the request of the Game Protectors themselves; others made to improve the service. Among the transfers: R. E. Doerzbacher, from Kingston, to Canonsburg, Washington County; Glenn A. Kitchen, from Canonsburg, to Weatherly, Carbon County; James L. Latimer, Erie County, to Kingston.

Contortionist Owl

The owl cannot move its eyes in their sockets, but nature compensates for this lack by allowing the bird to rotate its head in an arc as much as 273 degrees. To many who have seen an owl turn its head three-quarters of the way around it appeared that the bird was all but wringing its own neck.

Beaver Facts

Beavers have a specialized, long-nailed toe attached to the inside edge of each hind foot. With it they comb their fur, which is almost waterproof.

provided for the filing of a financial statement in the court of Quarter Sessions. Section 12 provided for the certification and filing of the proceedings relating to the bond issue with Department of Internal Affairs. Section 13 repealed all ordinances inconsistent with said ordinance.
