Burial services were held at the Harold Snowden Funeral Home, Reverend Alverta Sechler, pastor of Dallas Free Methodist Church officiating, assisted by Reverend James Payne, Reverend H. D. Oliver Jr., Mrs. Frank Mathers and Mrs. Francis Smith.

Demonstrate Seed Tests

Lehman Ag Students At Jackson Grange

Sophomore boys who are enrolled in the Vocational-Agriculture course at Lehman-Jackson High School put on a demonstration of seed testing and a discussion at Jackson Grange last Saturday night.

The demonstrations were to determine the amount of foreign matter in vegetable seeds and germination tests.

Jack Scally demonstrated a quick and easy method of determining the per cent of foreign material in small seed samples. Danny Carichner then demonstrated how to make and use a rag-doll seed tester where tests are to be run on a number of different samples. Charles Gardecki demonstrated the use of the blotter tests for checking a single sample of small seeds for the home gardener use. A discussion of these demonstrations followed.

Aiding the boys in their demonstration were: Lewis Disque, Ronnie Spencer, Anthony Casper, Charles Headman and Russell Ruble, their teacher of agriculture. Joseph Gardecki, student at East Stroudsburg College was also along with the group.

Bonus Bonds Sold By State

Payment of bonuses to Pennsylvania World War I veterans, authorized by a vote of the people last November, has been assured by the sale of \$375,000,000 Commonwealth bonds for this purpose to a nation-wide underwriting group, headed by the Chase National Bank, the National City Bank, Bankers Trust Company, Drexel and Company, and the First Boston Corporation.

The bond issue, the largest single state or local government issue ever underwritten, was awarded to the group at a publicly advertised sale on its bid of \$375,712,500, bearing interest at 1 1/2 per cent and maturing on March 1, 1952, through 1965. Taking into consideration the premium, the net interest cost to the Commonwealth is 1.4775 per cent.

Commenting on this sale Governor James H. Duff said: "I am advised by the bond experts that an evaluation of today's bid shows that the Commonwealth of Pennsylvania is fortunate in obtaining the money for payment of its bonus obligation at an interest cost on a par with Michigan and less than New York, Ohio or Illinois."

The fifteen-year term was selected by the Governor, Auditor General and State Treasurer because of the tremendous interest savings to the Commonwealth estimated at approximately \$90,000,000 as compared with a thirty-year term.

To underwrite and distribute the huge issue a group of 390 banks and investment dealers was organized, and it is expected that distribution in practically every State in the Union will be affected.

While a total of \$500 million in bonds was authorized by means of the Constitutional amendment adopted at last fall's election, it is estimated that requirements will aggregate substantially less than that amount. Proceeds of the present sale of \$375 million should take care of the needs until such time as the final amount can be more accurately determined.

Mailing of the checks to veterans will begin immediately after settlement of the bond issue which is scheduled for March 16.

The big bulk—some 1,000,000—
