Fall Festival Tomorrow At 4

No More Dinner Tickets On Sale

Six hundred lucky people who have already bought tickets for the turkey dinner to be served at Jackson Township Firemen's Fall Festival will be served at Trucksville Fire Hall tomorrow between 4 and 8 P.M. Absolutely no dinner tickets will be sold at the door because of lack of facilities for serving a larger crowd.

But, says Norman Smith, there will be prize produce on exhibit and for sale, everything from cider in the jug to corn on the ear or pumpkin in the frost, and a chance to win a live turkey or a live rooster by taking a chance or by guessing the bird's name.

Renovations Completed At Evans Drug Store

Extensive painting, and the installation of fluorescent lights, have transformed Evans' Drug Store into a modern business establishment which is well lighted, clean and inviting. Many display fixtures have been freshly painted, and provide a background for the display of hundreds of saleable items featured constantly.

A new electric Serve-Yourself Ice Cream cabinet, made by Savage Company, occupies a prominent spot in the store, and features the famous Breyer's ice cream, particularly in the popular half-gallon sizes.

The front display windows have been eliminated, and in their place, the addition of several beautiful new magazine racks has established the former window space as a favored location for browsing through the hundreds of magazines and pocket-books.

Prompt friendly service has characterized the store for the past 21 years.

state gave a little water to a neighboring town.

Remember this, there is just as much water in, on and around the earth as there has been since the universe's beginning. All that God does is raise it to the clouds occasionally and drop it in another place. If we allow the rain that He gives us to rush to the salt ocean, that is our fault. We can stop it.

In the meanwhile, if our well water holds up and the dishes continue to be washed, does anyone know where we can get a good dryer?
