### To Talk At St. Stephen's

Wilkes Barre Chapter A. G. O. invites all singers and any one interested in church music to attend a meeting in St. Stephen's Episcopal Church Monday, November 6 at 8:30 P.M.

Richard Weagly of Riverside Church, New York City, guest speaker, will talk on new church music and conduct a rehearsal of some interesting numbers using the audience as choir.

Mr. Weagly's work at Riverside Church has attracted musicians and lay people from all parts of the world, especially the Sunday afternoon service which is held throughout the greater part of the winter. The internationally famous Virgil Fox is organist at Riverside. Henry Johnson, dean of the local chapter, extends a cordial invitation to every one to attend this meeting.

### Church Marks Its 107th Year

#### Huntsville Christian Has Week Of Services

It is a long look backward to the beginning of Huntsville Christian Church, one of the first public institutions in the Back Mountain areas.

Rev. C. H. Frick will turn the thoughts of the congregation back over those years at the 9:30 service Sunday morning, then forward to an aggressive program for the new anniversary year.

Years ago the celebration was kept with a week of preaching services ending with a banquet. The church revives that plan for this year. The pastor will speak Sunday morning. At 7:30 Rev. Raymond Walls, pastor of the Plymouth Christian Church, will preach. It is appropriate that Rev. Walls should fill this place, for it was Rev. William D. Lane, then pastor of the same church who came over the mountain to organize the Huntsville Church.

On Monday, Tuesday and Wednesday nights at 8 Rev. Thomas B. Shearer, pastor of the Wyoming Avenue Church; Rev. Dale Heffelfinger, pastor of the Firwood Church, and Rev. George Alexander, pastor of the Westmoor Church will preach.

The week climaxes with the annual banquet on Friday night. The sale of tickets is limited and the limit is reached.

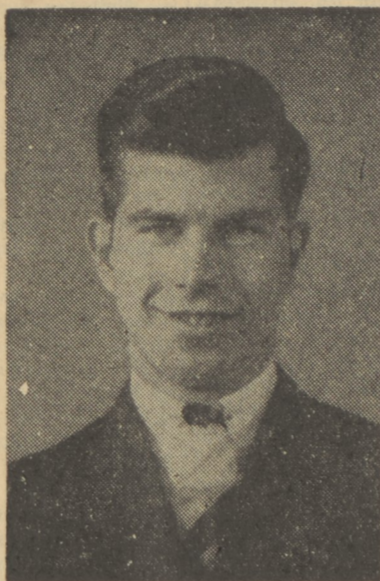

#### Mrs. Nevel Celebrates Her Ninetieth Birthday

Mrs. W. H. Nevel celebrated her ninetieth birthday anniversary at her home at Idetown Friday. She has a daughter, Mrs. Eliza Gillman of Philadelphia, and a son, Barton of Tamaqua; also three grandchildren, Mrs. Dallas Hess of Philadelphia, Mabel and Charles Nevel of Tamaqua.

Helping her celebrate were Mrs. E. B. Vosler of Muhlenburg, Mrs. Herbert Trumbower, Oakland, Mrs. Mary Pohala, Trucksville, Mrs. Vernon S. Belles, and Donald and Susan of Shickshinny, Mrs. Wesley Hilbert, Mrs. H.F. Reilly, Mrs. Thomas Stacey, Mrs. E. R. Parrish, Mrs. Walter Kitchen, Mrs. Helen Smith, Hazel Gordon, and Mrs. Gordon Montross.

#### W. S. C. S. Plan Lunch And Dinner Nov. 7

W.S.C.S. Centermoreland Methodist Church will hold a bazaar on Election Day, Nov. 7, and serve hot roast beef sandwiches, pie and coffee, beginning at 11 A.M. At 5:30 P.M. a chicken supper will be served. Reservations may be made with Mrs. William James, Centermoreland 12-R-13.

## Detect

the "danger spots" in your car that may lead to serious traffic accidents. Twice a year, car inspection carefully checks the following:

- BRAKES**—1. Stopping distance. 2. Lining and brake drum. 3. Emergency brake. 4. Line and cylinders. 5. Rods and clevis pins.
- TIRES**—1. For exposed cord fabric. 2. For cuts and bruises. 3. For ruptured casings.
- GLASS**—1. Windshield, side windows and rear window glass for cracks or breaks. 2. For discoloration.
- MIRROR**—1. For proper mounting and clear vision. For blemishes.
- HORN**—1. Press horn button. Horn must be audible for at least 200 feet.
- EXHAUST MUFFLER AND PIPES**—1. Muffler, manifold and pipe for leaks or loose connections.
- REGISTRATION**—1. Serial and registration plate numbers against owner's card. 2. Unobstructed view of license plates.
- STEERING and WHEELS**—1. Front end wheel alignment, spindle, bushings and pins. 2. Steering wheel for excessive play. 3. Main shaft. 4. Cross shaft. 5. Steering rod ball sockets. 6. Pitman arm. 7. Alignment of front axle and shock absorbers.
- LIGHTS**—1. Headlights for beam candle-power... for aiming and proper distribution of light. 2. Tail and stop lamps. 3. Flares, reflex reflectors, directional signals, clearance and side marker lights. 4. All lighting equipment on car must work.
- WINDSHIELD WIPERS**—1. Hand or automatic for efficiency. 2. All rubber parts, including hose and fittings.

## Correct

the faults, if any, that car inspection detects. Get your "inspected and approved" sticker. Know that your car is mechanically safe. You will not be permitted to drive—without this sticker—after January 31, 1951.

### REDDY KILOWATT Your Servant of the Century

## Reddy for ANYTHING!

That's Reddy Kilowatt, the Mighty Atom! He's back of all of you folks, back of every worker, just as he has been through two world wars! Today, there is TWICE as much Reddy Kilowatt Power as there was only 10 years ago!

Good old American business-management has planned it so that our factories can swing into night and day production at any time! Your Reddy Kilowatt is ready with power to spare, AND at the lowest wages in history!

The business-managed electric industry is the one industry that has doubled its capacity.

So, your government need not spend your tax money for Public Power (Political Electricity).

#### Tell Your Congressman and Senators.

Tell them to cut needless government expense... no tax money for unnecessary Public Works or Political Electricity.
