*the odds are 49 to 1 in your favor*

RECENTLY, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and Insulin twenty years before. Previous to Dr. Banting's discovery of Insulin in 1922, their chance of survival for more than two or three years would have been slight.

It was found that 77 of the 78, or 98 percent, were alive and living active, useful lives.

Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to people who are otherwise without hope. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and it is thoroughly understood by your physician.

We maintain complete stocks of diabetic supplies, subject to your doctor's specifications.

**WHICH PICTURE IS RIGHT?**

To some folks, Independence Day means a parade and speeches.

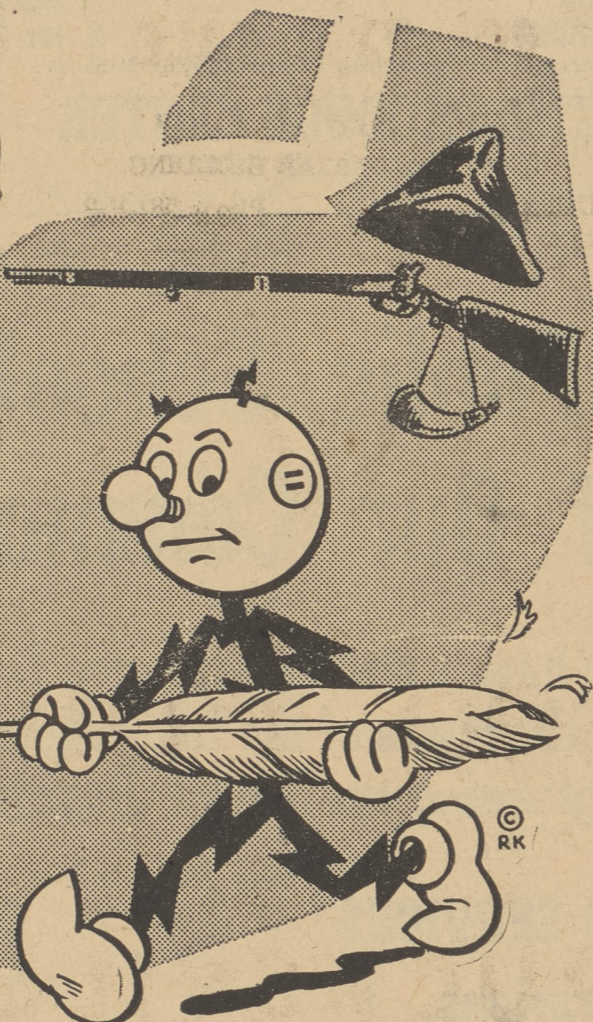

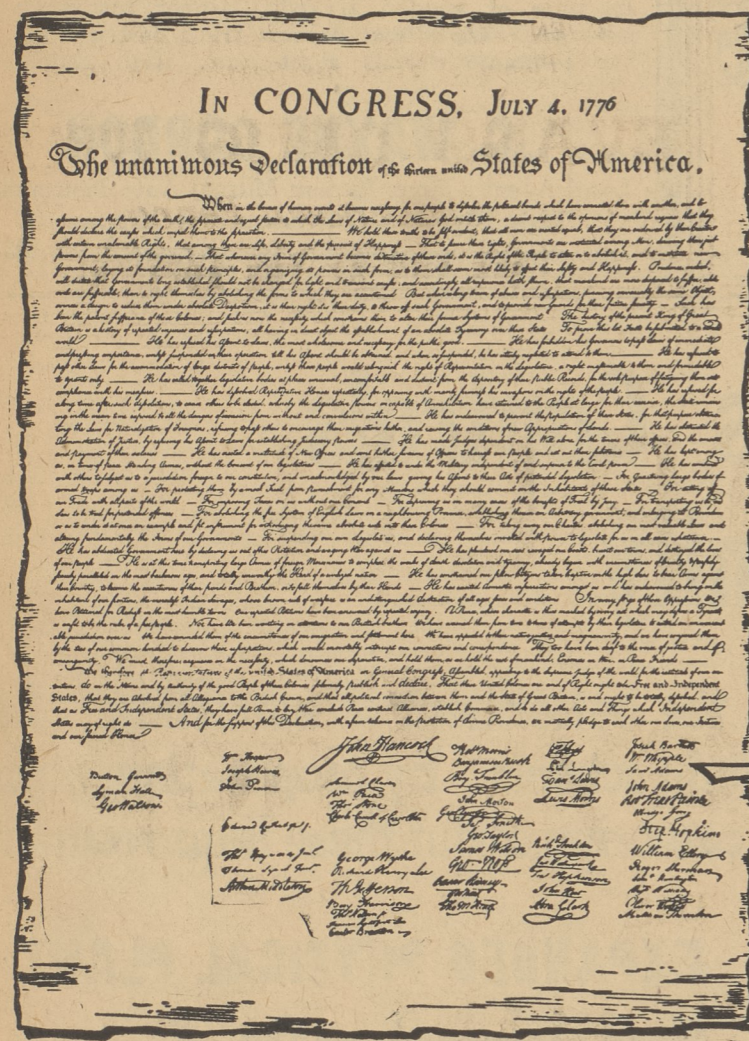

To others it means a picnic—sandwiches, potato salad, hot dogs, ice cream.

Many families will attend services. Millions will yell themselves hoarse at ball games. A few oldtimers will whittle while they watch the fireworks.

Each and every one of us takes a day off from our regular routine and celebrates in our own way. Americans are individualists—even in observing our greatest national holiday!

That's good. Let's continue respecting our neighbor's right to think, worship and live as he pleases.

That's what Independence Day is all about.

**OUR DECLARATION OF INDEPENDENCE**

had its beginning 175 years ago in a period of OPPRESSIVE TAXATION when foreign ideas were being forced upon a free people. It declares that "MEN . . . ARE ENDOWED BY THEIR CREATOR WITH CERTAIN INALIENABLE RIGHTS, THAT AMONG THESE ARE LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS". It also states that governments are set up to derive "THEIR JUST POWERS FROM THE CONSENT OF THE GOVERNED"! The government is the SERVANT . . . NOT THE MASTER, said the brave men who took their lives in their hands when they signed this remarkable Declaration. TODAY THE PRINCIPLES OF THIS GREAT DOCUMENT ARE IN GRAVE DANGER. Communists, Socialists and their political sympathizers are undermining this Declaration trying to take control of the government from the people. THEY WOULD REGIMENT AND OVERTAX US FOR FALSE SECURITY. They would substitute foreign ISMS for the American Way that leads the world. THE TIME HAS COME TO MEET THESE FALSE IDEAS WITH THE SAME DETERMINATION AND BRAVERY OF OUR FOREFATHERS. LET US ADD OUR SIGNATURES TO THEIRS AND DEMAND THAT THE PRINCIPLES OF THIS GREAT DOCUMENT BE PRESERVED.
