

**I've Seen It Happen!**

Yes, folks, many's the time I've seen baby chicks that were really started off just right, fail to reach full size and good egg production. And there's only one reason for it . . . improperly balanced rations. If you want big, full developed pullets ready for egg laying during the winter months then get them on Glidden's Growing Mash after they're six weeks old. Believe me, this Glidden Growing Mash will do the trick. We have it in meal, pellet or crumble form formulated to properly supplement scratch grains from six weeks to egg production.

**TRUCKSVILLE MILL**

**Library To Be Closed  
Friday And Saturday**

Back Mountain Library will be closed all day Friday and Saturday to give everybody a chance to work at the Library Auction.

Library addicts may do their book-browsing at the book stand, a new feature of the Auction this year. Some very interesting material has been turned in for this stand.

**County Auction  
For Vegetables**

**Wholesalers Use  
Carverton Site**

Luzerne County Vegetable Auction got under way at Carverton on June 20th, using the green tomato auction facilities.

James Hutchison, Agricultural Agent, says the response was as good as could be expected for a new venture, and that with increasing crop production things should boom within the next two or three weeks.

Green and wax beans were offered, a few peas, and plenty of strawberries. Within ten days the first pink tomatoes will come to auction.

Some southern buyers were present, as well as local concerns. The auction will be held on Mondays, Wednesdays and Thursdays at 2 P. M. until business picks up, then sales will be held six days a week.

**Noxen**

By Mrs. Earl Beahm  
Phone H. L. 4495

Mrs. William Keiper submitted to an operation at Wilkes-Barre General Hospital last week.

Noxen enjoyed one of the largest celebrations ever held in the community on July 4.

Anna May Space, daughter of Mrs. Chester Keiper and John Space, Jr., announces her engagement to Carl Weaver, son of Mr. and Mrs. John Weaver of Plains, formerly of Noxen.

Allene Boice is visiting her grandparents, Mr. and Mrs. Earl Beahm.

The regular meeting of Firemen's Auxiliary was held Monday night on Crispell's back lawn. There was a hot dog roast which was enjoyed by all.

An organ recital was held Monday night at the Methodist Church to raise funds for the new organ.

Mr. and Mrs. David Brobst, children, and David Edwards are visiting Mr. and Mrs. Harry Miller in Parsons, West Virginia.

The Armour Leather Company had to shut down three days because of a shortage of hides which are rationed at 80 per cent by government regulation.

The Ladies Auxiliary of the Fire Company has purchased lumber for a band stand which the Firemen erected and which will be used for future entertainment.

It takes 10 inches of snow to equal an inch of rain.

**Herbert Olver Sr  
Dies Suddenly**

**Lies With Family  
At Beach Lake**

Herbert D. Olver, Sr., 78, passed away at the home of his son, Herbert Jr., at 16 Carverton Road, Trucksville June 22.

Funeral services were held on Tuesday in Beach Lake Free Methodist Church, and burial made in Beach Lake Cemetery in the family plot.

Death occurred unexpectedly. Rev. Herbert Olver, Jr., district superintendent for Wilkes-Barre and New York State Free Methodist Church, was away from home at the time, attending general conference in Michigan, accompanied by his wife. Mr. Olver had not been especially ill, had in fact walked to interview his doctor on the afternoon of his death.

Mr. Olver was widely known in the Free Methodist churches hereabouts, as he accompanied his son frequently. The family had lived in Trucksville for three years, having moved here from Maplecrest, N. Y. in 1948. Mr. Olver had made his home with his son and son's wife for six years.

Until that time, he had lived on ancestral acres cleared by his father, Moses, in Beach Lake, and had farmed all his life. A great reader and Bible student, he was better versed in literature and Bible history than most men who have had greater formal education.

He had an unusually retentive memory, and retained all his faculties until the last, alert and vitally interested in local and world affairs.

**More Copperheads  
Reported Killed**

Another copperhead was killed in Trucksville at Edgewood Heights, Saturday morning just before noon. William Vollrath, Jr., who phoned the news to the Dallas Post, says his father killed it with a hoe, and that the family dog went off with the head.

But the rest of the description tallies with that of a genuine copperhead: rather thick body, tapering abruptly to a very slim tail; 35 inches in length, reddish copper coloring with markings the shape of an English saddle.

This is the second that has been killed by Mr. Vollrath. Two weeks ago a young copperhead appeared in the garden and was dispatched with the hoe. Like rubber, it was, according to young Bill, and very difficult to puncture.

**Dallas Boys Camp  
At Pochanna YMCA**

Ten boys from Dallas attended Camp Pochanna, Y.M.C.A. camp in the Poconos from June 25-27. Under the direction of David Evans, campers enjoyed soft-ball and swimming, and other organized games.

Dallas boys were Bobby Richardson, Tommy Richardson, Lee Ohlman, Danny Robinhold, Richie Bodycomb, Lee Mintzer, Jim Thomas, Bert Berretini, Billy DeRemer, and Chuck Allabaugh.

Jujitsu means literally "the gentle art."

**Dies of Old Age  
In Huntville**

**Mrs. E. B. Snyder  
Passes Peacefully**

One of the oldest women in the Back Mountain region passed away on Sunday, June 24, when Mrs. Elizabeth B. Snyder slipped peacefully into eternity at the age of 94.

Her only survivor is a daughter, Mrs. N. R. Gerges, Mount Carmel, New Jersey, herself a patient in a sanitarium at the time her mother was at the Huntville Convalescent Home. Mrs. Snyder's other daughter, with whom she lived on Lake Street until the death of Mrs. Thomas Gangloff's husband, and later at the Sterling Hotel, died some five years ago. Mrs. Snyder, then 89, entered the nursing home at this time and has been there ever since.

Benjamin Frantz, head of the home, says that she retained her

**Fin, Fur, and Feather**

variety existed in the lake: Blue Gill, Common sunfish, Large mouth Bass, Small mouth Bass, Pickerel, Yellow Pike Perch, Brown Bullhead, Black Bullhead, Yellow Perch, Rock Bass, Golden Shiner, White Sucker, Spot Fin Shiner, Bluntnose minnow, Banded Killifish, Johnny Darter, Bluntnose Dace, Spotted Sunfish and Brook Stickleback.

"Skepticism will 'out.' I was asked by a fisherman, 'Will the Top Brass of the Fish Commission find time to study the survey and do something about it, or is this just another of their hoodwinking plans to lull the sportsmen to sleep?'"

This is indeed a long question, one that I cannot answer, but time will tell.

Many sportsmen feel that at "long last" the Fish Commission is doing something to improve lake fishing in the State, and are spending some of the fishermen's dollars for all sportsmen, for there are many who fish lakes and never drop line in a stream. With the assurance of both Dr. Trembley and Paul Bittenbender, our local Commission member, that the Commission will follow all recommendations when the survey is completed, some day in the not too distant future, we may have good fishing near home.

(Editor's note) A complete report of the survey of Lake Harvey and recommendations for improvements will be published in this column as soon as received.
