Make-Believe Cake! No Foolin'

Let the family have their cake and eat it-to find that it's no fake but not cake, instead it's a fluffy chocolate sponge molded in loaf form. Made and decorated with morsels of semi-sweet chocolate, the flavor is rich and texture delightfully light. You can also chill the mixture in custard cups, in a ring mold or pile it in sherbet glasses, but here's the way to make

Make-Believe Cake 1/4 teaspoon salt 1 envelope unflavored gelatine 1/3 cup sugar 1½ cups milk 1 package semi-sweet chocolate 3 eggs, separated 1 teaspoon vanilla

Soften gelatine in milk in top part of double boiler. Add % of the package of semi-sweet chocolate morsels, salt and 2 tablespoons of the sugar. Cook over hot water, stirring frequently until chocolate is melted and gelatine is thoroughly dissolved. Beat with rotary beater until smooth. Beat egg yolks slightly; add hot mixture stirring con-stantly, and return to double boiler. Cook and stir 3 minutes longer. Remove from heat; chill until the consistency of unbeaten egg white. Beat egg whites úntil stiff; add remaining sugar and continue beating until very stiff; add vanilla. Fold in chocolate mixture. Turn into a 5 cup loaf pan; chill until firm. Unmold; if desired "frost" top and sides with whipped cream; garnish with remaining semi-sweet chocolate morsels and pecans. YIELD: 6 to 8 servings.

SHAVERTOWN

ROOTED deep in the recesses of time is the modern drug store. Through 4,000 years of recorded history the dispenser of drugs has stood high in the esteem of the community. As the sciences of medicine and merchandising have advanced, the outward form of the ancient apothecary shop has changed. But service to the sick is still the very heart of our business. Our complete stock of pharmaceuticals is the best that the markets of the world afford. When illness strikes and your doctor prescribes, we will consider it a privilege to serve you.
