

Ceases Erect New Business Building

Mr. and Mrs. Thomas E. Cease, Franklin Street, Dallas, are putting up a 20x40 business building, cinder block construction, on a 300-foot lot adjoining the recently erected Lewith and Freeman Building on the highway below the fork leading to Tunkhannock.

Purpose of the building has not yet been announced, but it is suitable for any one of three uses, and there is plenty of room for expansion and parking space. The lot was purchased two years ago.

The structure is being built by Earl Johnson of Beaumont. It has three large plate glass picture windows in front, the middle window flanked by insets of glass brick. The roof is blue. The floor is composition, and the heating unit will probably be the automatic stoker type. Mr. and Mrs. Cease designed the building themselves.

Lake And Noxen Get Green Light

Wyoming County Approves Jointure

Jointure of Lake and Noxen Township Schools was formally approved at the July 5 meeting of Wyoming County School Board, when George Taylor, supervising principal of Lake Township Schools appeared in person, together with four members of the Noxen School Board, Leslie Kocher, president, Franklin Patton, Alvin Bean, and Clarence Turner.

The jointure had already been approved by both school boards in-

involved, and had had the green light from the State Department of Education.

The real hurdle that has had to be taken is the crossing of county lines in favor of geographical location and similarity of population interest. Noxen, though on the border of Wyoming County, is thirteen miles from Tunkhannock, only five from Lake. High School students who will be transported by bus to Lake School, will have a much shorter ride than if a Noxen-Tunkhannock jointure had been effected.

Three Noxen students attended Lake Twp. High School last year. Treva Traver, one of the outstanding seniors in the 1951 graduating class; Richard and Arline Scouten.

Action taken on July 5th was formal release of Noxen from Wyoming County School District. All direct action had been taken more than two months ago. The move has been in the wind for two years, but for a time the barrier of a county line seemed insuperable.

The action has no effect on anything but the schools. Noxen remains in Wyoming County.

Grade school students will continue to attend the present Noxen school, high school students will go to Lake, where they will have the advantage of a wider curriculum with more choice of subjects.

DO YOU KNOW?

Joseph Priestly, English clergyman and chemist, discovered oxygen, nitric oxide, and sulphur dioxide. Because of his religious heresy, his home and laboratory were destroyed by vandals, and he moved to Northumberland, Pennsylvania, to continue his church writings and chemical experiments. He died there in 1804.

Archbald Brooks Heads Red Cross

Reports On Slim Blood Donations

J. Archbald Brooks, Idetown, was reelected chairman of Wyoming Valley Chapter Red Cross at the Board meeting Monday afternoon at Chapter headquarters, South Franklin street.

Harrison Smith, Shrine View, and Herman C. Thomas, West Dallas will serve four-year terms on the Board.

Edward Kent, Lehman, is treasurer; assistant is Herman C. Thomas.

Mrs. Fred Kiefer, Shrine View, heads the committee on college activities; E. H. Kent, finance.

Mrs. William Conyngham heads Area 2; T. Newell Wood, Area 8.

Mr. Brooks' report for the year indicates that the Red Cross Fund campaign was successful, but that blood donations fall far short of the goal of 18,000 pints, not even half of the amount having been contributed. National figures for collecting, distributing, and processing blood are \$7.20 per pint, but in Wyoming Valley, due to non-attainment of the goal, it is \$7.33.

The Regional Blood Center covering Northeastern Pennsylvania, with headquarters at the Chapter House, has a quota of 82,000 pints for 1951-'52.

Scores Sunday, July 8

Beaumont 4, Dallas 3 (10 innings); Noxen 5, Shavertown 4; East Dallas 5, Carverton 1.

Schedule, Sunday, July 15

Tunkhannock at Noxen; Beaumont at Orange; East Dallas at Vernon; Shavertown at Carverton; Jenks at Dallas.

Sir Francis Drake was the first Englishman to sail around the world.

Blood Donor Day Monday At Lake

Taylor Says Need Is Urgent And Now

Lake Township Blood Donor Day is scheduled for Monday, from 12-6. The Bloodmobile from Blood Donor Center, Red Cross Building, South Franklin street, will be stationed at Lake Township School, and a trained corps from headquarters will receive and transport the blood.

Latest reports indicate that the quota of 18,000 pints is far short of the goal. A great deal is being sent to Korea, but there is not

enough to fill all demands for local and overseas necessity.

George Taylor is chairman for Lake, and a large committee is rounding up potential donors by postcard, telephone and personal contact.

Bob Rogers represents the Lake Protective Association; Fred Swanson, police and firemen; Mrs. Edward Gumble the Red Rock project; Mrs. Harvey Kitchen and Mrs. Hilda Leinthal, the Woman's Service Club; Mrs. Margaret Gary and Ruth Deets, the PTA; Sheldon Cave, and Thomas Garrity, the Lions Club; Harry Allen, Jasper Kocher and Mrs. Florence Worth, the township; Mrs. Dorothy Huston, Mrs. Eleanor Humphrey, and Mrs. Helen Bialogowicz, community at large; John Zorzi, the Senator Wood farms; Ellis Swingle, Sterling Farms.

Are You Waiting Until Your Present Hot Water Boiler Wears Out To Enjoy The Conveniences Of A Modern ELECTRIC WATER HEATER?

There's No Need To Wait!

Keep your present hot water boiler and use it as a tempering tank. It may save you as much as **15% to 20%**

on your monthly water heating bill.

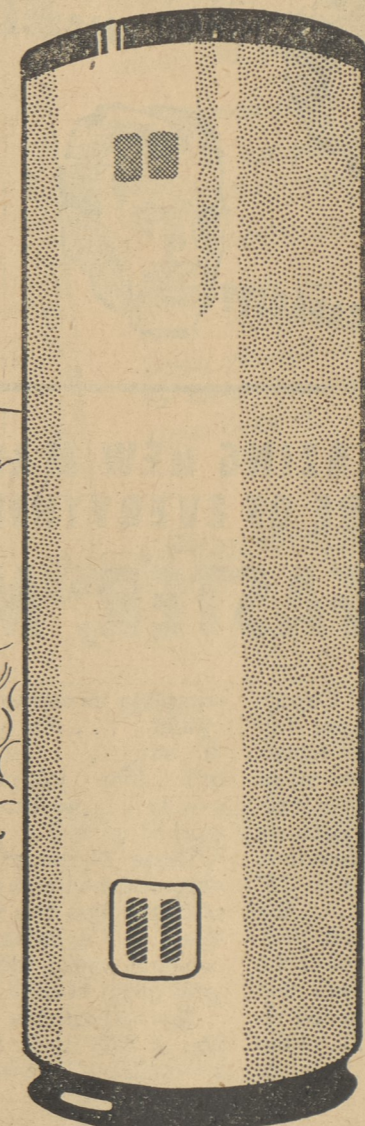

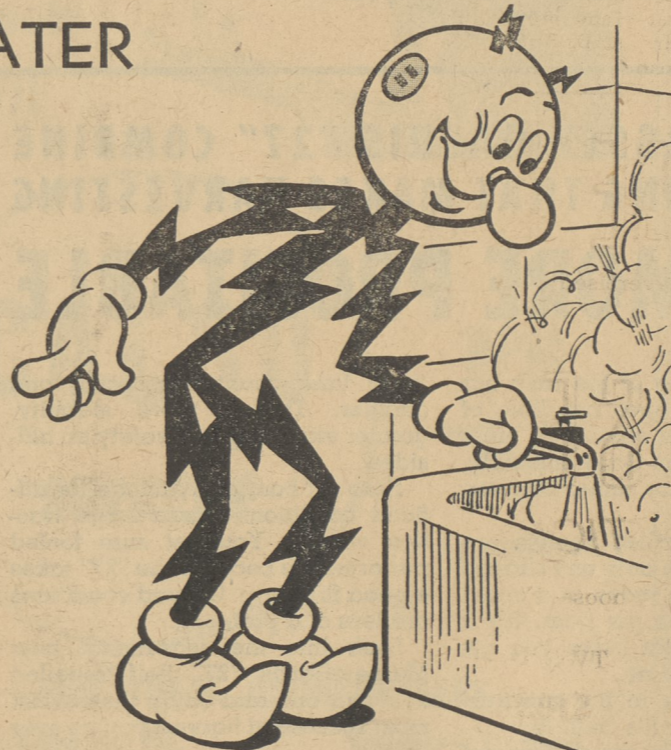

ELECTRIC WATER HEATING is:

- AUTOMATIC
- NO TROUBLE
- DEPENDABLE
- CLEAN, SAFE
- ECONOMICAL

Costs **1c** Per Kilowatt Hour

—through a separate meter.
