### MINISTERS ORGANIZE TO CELEBRATE PUBLICATION

Rev. Howard Goeringer, executive secretary of Wyoming Valley Church Federation, met with ministers of the Back Mountain churches at Trucksville Methodist parsonage Monday morning. Chief topic for discussion was the celebration next September 30 of publication of the Revised Standard Version of the Holy Scriptures.  
 A temporary organization was effected with Rev. William Williams, chairman, and Rev. C. H. Frick, secretary, to call a meeting of church representatives to an organization meeting on the evening of March 23. Sunday School superintendents and others appointed are urged to assume responsibility for setting up the permanent organization whose purpose will be to plan a worthy recognition of this significant occasion.

## Zel Garinger Adds Memento Of Abraham Lincoln To Collection

Zel Garinger, Lake Street, reports that since the feature story about his antique tool collection was published in the Dallas Post, he has been given a number of additions.  
 Fred Harlos, Lehman, contributed a broadaxe; Dan Dedrick, Johnson City, an adze; and R. L. Brickel a narrow-bladed buck saw formerly used as a coping saw for cutting fancy curves in lumber. The fence along the Brickel property on Main Street, Mr. Garinger says, was cut with this saw.  
 Mr. Garinger has also acquired a scribe, a groover, and a homemade rat trap, all on display with the rest of the collection at his home.  
 But the prize of the new acquisitions is a saddle which once belonged to Captain Jacob Rice, a native of Dallas, born June 16, 1817, died, also in Dallas, March 6, 1892.

The saddle, which came to Mr. Garinger by way of Joseph Finch and I. R. Elston, carried Captain Rice through the Civil War and along bridge paths in company of Abraham Lincoln.  
 A Civil War pistol converted into a leather-slicer and a bootjack, once the property of Horton Baird, given by him to Mr. Finch, Dallas harness-maker, and through I. R. Elston to Mr. Garinger, are now in the collection.  
 Notes compiled by Mr. Garinger concerning Captain Rice, reveal that he owned the first painted house in Dallas, now the Bodycomb home. He was a farmer, lumberman, merchant, hotel keeper and house builder.  
 The Lake Grove House which stood on the site of the well known Oneonta House at Harveys Lake was of Captain Rice's construction.  
 Captain Rice had the first spring wagon ever seen in Dallas and the first weigh-scale.  
 Connected with many departments of the army, he spent the main part of his Civil War years with the 53rd Pennsylvania Volunteers. He was a personal friend of President Lincoln.  
 Mr. Garinger states that he will be glad to show his collection, and thinks that children studying United States history would be especially interested in the saddle.

"Dodge 'Job-Rated' Trucks are the best we've ever used!"  
 . . . says PAUL CRUCE, Cruce Butane Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

**Power with economy** The big high-compression engine of a Dodge "Job-Rated" 1½- or 2-ton truck operates with outstanding economy. You get money-saving values like chrome-plated top piston rings, and exhaust valve seat inserts.

**Time-saving performance.** Low loading height on 1½- and 2-ton models and hinged center sections on stake bodies make loading and unloading easier. 5-speed transmission available on most models for more pulling power, better speeds.

**Easy handling.** Exceptional handling and steering ease is made possible by wide front tread and short wheelbase. Thanks to shorter turning diameters, you can turn sharper either right or left—back into tight places easier.
