## Church League Season Closes

St. Therese's And St. Paul's Win

St. Therese's smothered Huntsville Christian 54-27 to win the play-off cup in the final game of the Church - Community Basketball League.

St. Paul's narrowly edged Shavertown Methodist to garner the consolation game. These games, which marked the end of a 15-game regular season and a two-game playoff, took place before an appreciative crowd at the Westmoreland gym. The league thus completed its first year under the presidency of Tug Wyant and closed out a very smoothly run and successful season. Plans are under way for a banquet to be held for all league participants in the near future.

The outcome was never in doubt as St. Therese's jumped into an early lead which was boosted to 15-4 at the end of the first quarter. The usually deadshot Huntsville team could not even buy a basket.

Carl Sherinski, St. Therese's stellar standout, connected for 30 points to outscore by himself the combined efforts of the entire Huntsville team. Bill Hart, Neil Kochar, Frank Stolarick and Ned McGarry hit in spurts to back up Sherinski's work and clinch the victory. Hank Uuban and Charlie Brobst were high men in the losing cause as Huntsville, the number one team in the loop, ran up against its nemesis.

St. Paul's with Art Kitchen, Ralph Anthony and Dave Evans showing the way took a big lead over Shavertown Methodist and held it for three quarters. However in the final stanza Stan Davis caught fire. With Davis, assisted by Jack Porter and Russ Hons, Shavertown made a last minute spurt which gave the leaders a scare but which lacked 5 points from gaining a victory.

## Sportlights

The Dallas Post All Star team will not appear this week due to insufficient returns from the teams which are participating in the voting. Along with the boys team there will be a girl's squad chosen by the coaches of the girl's teams in the Back Mountain circuit.

George Shupp, president of the Bi-County Baseball League, announces that all is in readiness to start the league rolling towards a banner season. The season will open on May 4 and close the middle of August to allow the playoffs sufficient time to be completed. This year all home fields used by the teams must meet certain specifications set by the league or they will not be allowed for league play. With a compact eight team circuit the Bi-County League looks in better shape

to present a balanced brand of baseball than has been offered in the past.

The Back Mountain High School Baseball League has organized with six member teams listed for inter-league competition. As it was last year, Harter, Dallas Township, Tunkhannock, Westmoreland, Lehman, and Laketon comprise the circuit. The teams will play on a home and away basis with the league champion entering the high school final tournament held each year at Artillery Park.

### Sandy Beach Theatre Will Open April 5

Sandy Beach Drive-In Theatre is happy to announce that it will open Friday, April 4 with a list of highest rating pictures. There will be no change in prices.

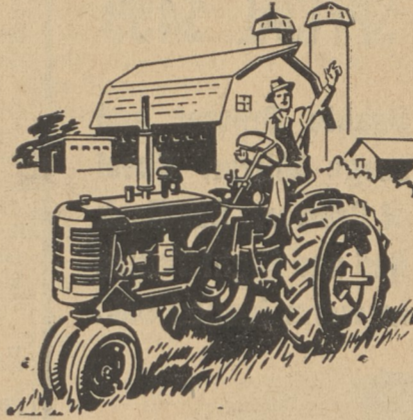

Children are admitted free and are invited to enjoy the free playground.

Extensive improvements are planned and will get underway as soon as weather permits.

# FACTS ABOUT TELEVISION

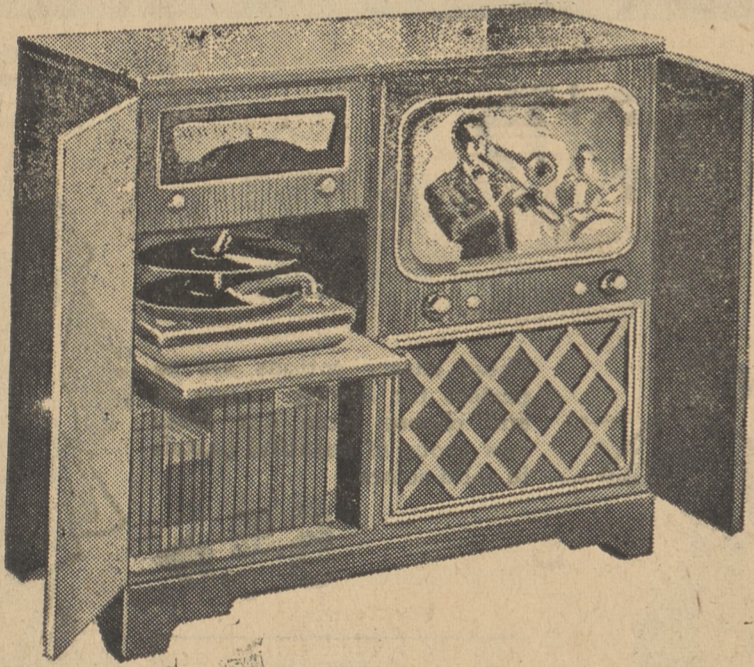

## For Back Mt. Residents!

There are only two experienced TV Service Stations in the Back Mountain

**GUYETTE'S TRUCKSVILLE TV SERVICE CENTER**

and

**W. L. DARROW TELEVISION SERVICE**

### Here Are The Answers To Some Of Your Television Questions:

- Q. Is Binghamton station WBNF-TV going to increase its power?
- A. Latest request to FCC for an increase has been temporarily denied.
- Q. What is UHF?
- A. UHF is Ultra High Frequency, or a transmitting wave length much higher than the present channels.
- Q. If I buy a new set will it receive UHF?
- A. Yes! All sets sold by us in the past 4 years are adaptable with slight modification.
- Q. What major improvements can we expect in a set if we wait a year or two to buy?
- A. Because of the defense program no radical changes are expected for at least 5 years. At that time color, in TV developed areas, will be made available. (We are not a TV developed area).

We are the only ones in this area who have sold or serviced over 5,000 television sets. Therefore we feel that we are qualified to help you with any and all of your questions about TV.

Our thousands of satisfied customers have had TV service from us for over 4 years. We have maintained a complete line of test equipment and stocked a full line of TV replacement parts from the beginning.

If you want to know where to buy a television set and where to get the best service . . . ask your neighbor.

## Our Opinions

We believe you should buy your television set from a television man. You don't buy an automobile from a department store do you? In the same token, it is smart to buy your TV from a dealer who maintains adequate service facilities. The TV serviceman in a department store also services refrigerators, washers, ironers etc. We don't believe he can be an expert in all these fields.

Beware of those who pose as "TV Experts"! Many will come and look at your set, take it from your home and bring it to the shop of a legitimate television serviceman. They have it repaired for a few dollars, carry it back to you and charge an exorbitant repair fee. These men jeopardize the reputation of the television man. Be sure you buy or call a true Television Serviceman.
