Shavertown Fire Company reported a total of \$1216.75 from its annual membership drive. The report was made at its monthly meeting Monday at Shavertown Fire House.

Demonstration of the pump, which will pump water a distance of 2500 feet and deliver 250 gallons of water per minute, was given before the meeting. The mask will enable a fireman to enter a smoke-filled building and locate the origin of the fire so that there will be a minimum of water damage.

Grove Theatre Will Present Glad Tidings

Continuing the policy that the Grove Theatre, Nuangola, has followed for the past 18 years, Royal C. Stout, director and general manager, will present the resident company in Edward Mabley's delightfully spicy three-act comedy Glad Tidings for the initial production of the regular summer stock season, opening on June 16 and continuing for the week.

A change from last season has been made in the performance schedule and there will be no Sunday performances this summer. The theatre will be open every night except Sunday for the 15-week season and the box office is now open daily from 10 to 10. Reservations may be made by calling Nuangola 2261.

With the closing of the pre-season musical revue last Saturday, the staff of the theatre swung into

action in preparing the production of "Glad Tidings" and the new company will be devoted to rehearsal this week. Plays that have been selected from the latest material that is available for summer theatres are: "Lo and Behold", "Rose Tattoo", "Girl From Boston", "Remains to be Seen", "Member of the Wedding", "Twentieth Century", "Gracery Ghost", "Season in the Sun" and others as they become available from the publishers.

Library Buildings Are Being Painted

Joseph Tamerantz and a crew of workmen are doing a nice job painting Back Mountain Memorial Library building, the former John Ryman property, a challenge to any painter. Because of the original primer used more than half a century ago, paint seldom sticks to the building for more than three or four years. Joe is burning the paint off and using some special tricks to make the new paint job stick.
