Officers chosen were, president, Judy Nesbitt, vice president, Sylvia Trewern, secretary-treasurer, Carol Smith, game chairman, Beatrice Ell, song chairman, Janet Stahl, Sewing was begun as the Club's project.

Present were Iris Oney, Judy Nesbitt, Sandra Yeisley, Carol Smith, Beth Smith, Janet Stahl, Sylvia Trewern, Beatrice Ell, Carol Thomas, Phyllis Monko, Mrs. Otis Moore, Mrs. Ruth Darbie and Mrs. Chester Nesbitt.

Any girl of the right age is welcome.

**Children's Day**

Children's Day exercises were held at Vernon Union Church on Sunday.

**Back Mountain Graduates From Wilkes College**

Eight Back Mountain residents were among the two-and-four-year Wilkes College graduates who received certificates and degrees at the college's fifth annual commencement Monday evening.

Arranged alphabetically they are: Earl C. Crispell, Jr., son of Mr. and Mrs. Earl Crispell, Noxen; Walter E. Elston, son of Mrs. William Elston, Lehman; William E. Evans, son of Mr. and Mrs. W. E. Evans, Harvey's Lake; Charlotte A. Gregory, daughter of Mr. and Mrs. Raymond Gregory, 24 Lewis Ave., Truicksville; William G. Hart, son of Mrs. Helen Hart, Matchell Ave., Dallas; Mary I. Lamoreaux, daughter of Mr. and Mrs. Edward Lamoreaux, R.D. 1, Truicksville; Robert V. McFadden, son of Mrs. Bertha McFadden, Shawanese; and William G. Nelson, son of Mr. and Mrs. N. E. Nelson, 131 Parrish St., Dallas.

Crispell, a Navy veteran who received a B. S. in biology, was a member of the Wilkes band, German club, and biology club, serving as vice president of the last-named organization in his junior year.

A. B. S. in chemistry, Elston belonged to the biology and German clubs. He has also been interested in the college's intramural sports program.

Evans, who transferred to Wilkes from Connecticut Wesleyan University in September, 1951, received a B. S. in biology.

A graduate of Kingston Township High School, Miss Gregory was a student in the two-year Wilkes course in medical technology. She received a certificate.

The recipient of a B. S. in chemistry, Hart has been a member of the chemistry club for four years. Also active in the biology club and intramural sports, he served on the staff of the "Beacon," student newspaper during his freshman year.

Miss Lamoreaux took a B. S. in secondary education. She worked with Theta Delta Rho, social and service sorority, throughout her undergraduate career and belonged to the education club during her last two years.

Granted a certificate for satisfactory completion of the college's two-year course in engineering, McFadden, a veteran of three years' Army and Air Force experience, participated in intramural

sports and activities of the engineering club.

Nelson, the third son of the Dallas family to attend Wilkes, received the award given by the Pennsylvania Institute of Certified Public Accountants for excellence in accounting in addition to his B. S. in commerce and finance. As a Wilkes student he played in the band and was active in the economics club.

**Communion Table Is Gift Of Pauling Family**

A new Communion table, gift of Mrs. Jack Pauling and Jack Jr., of Norton Avenue, in memory of the late Jack Pauling, was dedicated by the pastor, Rev. David Morgan, at the Huntsville Methodist Church Sunday morning, Father's Day.

The table, the first the church has ever had, is marked with a plate, "In Memory Of Jack Pauling" in the rear and "In Remembrance of Me" in the front.

Several years ago Mrs. Pauling and her husband gave the silver collection plates that now stand on the table.

**NEW MASSEY-HARRIS "26" AND "27" SELF-PROPELLED ARE THE EASIEST COMBINES TO OPERATE**

★ Ease of operation . . . convenience . . . safety . . . are just natural results of the common sense combine construction of the new Massey-Harris Self-Propelleds.

Take that big, easy to fill gas tank. It's just elbow height and holds enough to take you over many an acre without refill.

The big grain tank is another important advantage. Only a matter of seconds to unload the 45 bushel tank on the "26"; or the 60 bushel tank on the "27."

Easily reached controls . . . you bet! Everything is right there before you; threshing controls, speed, starter, electric table lift, brake and clutch pedals, all are within easy reach. Convenient inspection panels provide fast, sure check up and lubrication on vital parts. You always have dependable operation.

Extra Large traction wheels take the bounce and jar out of rough fields . . . take a good firm grip in soft ground conditions for faster harvesting.

And the electric table lift lets you

take as much or as little straw as you like. You can skim the ground or take the heads. Special springs cushion lowering and prevent damage or digging in.

With the "26" or "27" on your farm you get more production . . . easier, faster operation because you cover more acres in less time, more profitably.

Stop in and get acquainted with these amazing, new Massey-Harris Self-Propelleds. Ask about Balanced Separation!
